Title III

The state assessment window for English Language Learners is currently open through February 16, 2024. To meet Title III requirements, schools are mandated to identify and annually administer a standards-based English language proficiency test to all English Language Learners (ELLs) in grades K-12. This data is reported through the school report card. Each school has an assigned Building Assessment Coordinator (BAC) that works with our District Assessment Coordinator (DAC) to schedule and oversee assessments within their school. Our most recent published scores are included below. Newport High School, School of Innovation, and Newport Regional School data have restricted data. Newport Independent is currently providing services to over 200 students through the English Language Learners and Newcomers programs.

Blue is the highest rating level a school is able to achieve.

Comprehensive Improvement Planning

The Comprehensive District Improvement Plan was updated to reflect the aims and drivers from each department within the district. Leadership completed their aims and drivers to ensure all were represented in this plan. Work was also completed in the summer of 2023 to include the district's improvement priorities. New to this plan is the inclusion of Strategic Action Plan goals linked to each required goal. Newport Independent leadership has also included an additional goal, Systems of Support and Partnership.
