It was obvious when we hired Alecia Dadosky several years ago that she was going to be a special part of our staff. She has a way of making others feel valued and supported. She is always willing to jump in and help where needed.

Mrs. Dadosky always goes the extra mile. She works tirelessly each day to support students in setting and reaching their goals whether academically, socially, emotionally, or behaviorally. She teaches students reading through our Direct Instruction program. She also collaborates with her lead teacher and teachers in grades K-5 in various capacities to ensure students are

successful. Many students see Mrs. Dadosky as a safe place and seek her out for support.

Mrs. Dadosky also gives of her time each morning in the parking lot greeting students. She greets each student by name and with a smile. She ensures that students who exit their car unsure of the day ahead feel seen and heard to ensure they have a positive start to their day.

This award would not be complete without thanking Mrs. Dadosky for all the delicious sweet treats she prepares for our staff. A potluck or staff event is not a potluck without Mrs. Dadosky's creations. She does all of this on top of her daily duties, being a mom, and a wife. We are grateful that you choose to serve our family.

Mrs. Dadosky truly exemplifies the qualities of a JGC CUB each day. We are blessed and proud to call her a part of our family.
