TOPIC: Add Additional Items to Amendment #3 for Reconvening Local Planning Committee

PREPARED BY: Myron Thompson, Chief Operating Officer @ 381-4165

Recommended Action on: 2/12/24
Action Item for Vote (PLANNING MEETING)

Superintendent Prior Approval: Yes

Recommendation/Motion: Request permission from the Kentucky Department of Education to reassemble the Local Planning Committee (LPC) pursuant to Section 503 of 702 KAR 4:180 The School Facilities Planning Manual, to consider a third amendment to the District Facility Plan (DFP) related to building improvements for:

1. School-wide communication systems, classroom audio, school safety
2. Air purification systems
3. Remove Item 4.3 Joe G. White Maintenance Building renovation and Item 4.4 Other Maintenance Building renovation from the current DFP and replace with new building site TBD
4. Acquire or construct new preschool center and special education evaluation hub on the northside of city

Background/Rationale: Since the conclusion of the 2021 District Facility Plan (DFP), additional needs have been identified for the plan with two previous amendments. At its November 27, 2023 meeting, the Board approved reconvening the Local Planning Committee to amend the District Facility Plan (DFP) to add technologies for enhancing classroom audio and teaching, building intercom systems and air purification. Additional items are now requested. The Joe G. White Maintenance Building and Other Maintenance Building on Springhill Drive are obsolete and can be razed in future years for Lafayette High School. The Board has identified the need for an additional preschool center and special education hub to support students and families on the northside of the community. Identifying these needs on the DFP allows for access to restricted fund sources, a faster rate of completion and post-COVID optimal learning conditions in our classrooms
