

Grandview Elementary - Submitted by Rob Sanders

I have been working for the past couple of months on my State FRYSC Monitoring visit material. The visit is Wednesday February 21st beginning at 9:00 a.m. I have been also working on our Center Program Plan for the years 2024 to 2026. That plan is presented to you today and is due at the state office on March 1st. The FRC and the YSC sponsored a Family Skate Night on February 6th with 64 people in attendance from the two schools. The FRC hosted Skool Aid for the Parent and Child Olympics on February 1st at which 103 people (35 parents and 68 students) attended.

Bellevue High School - Submitted by Danielle Carr

- **26 students have been identified as MKV**
- **Brandon Saho did 2 mental health assemblies (one for MS and one for HS) for FREE!**
- **We started Care Team Meetings**
- **Visited ALL 1st bell classes to remind students who I am and how I can support them**
- **Started a Youth Advisory Council during Flex time**
- **Big Smiles Dental visit over 3 days and they were able to service 30 students**
 - **We saved 65 school days by having those students be seen at school. Students were able to get cleanings, x rays, sealants, fluoride, and fillings. 19 of those students didn't have ANY dental needs detected (cavities, root canals, etc) which is a HUGE improvement from their previous visit of only 2 students not having any dental needs detected.**
- **Skating event with 64 participants (was open for both schools)**
- **Contacts since January 1**
 - **school supplies - 50**
 - **clothing - 33**
 - **food assistance - 51**
 - **housing/shelter assistance - 20**
 - **hygiene - 35**
 - **Mental health support - 16**
 - **Transportation assistance - 10**
