

1. <https://snapdragonbookfoundation.org/faq/> Snapdragon Book Foundation Grant- any where from \$2,500-\$10,000 for school libraries to update collections, reference materials, or subscriptions. There is no matching to fund this grant.
2. <https://www.tcenergy.com/community-giving/apply-for-funding/> TC Energy Grant (also known as Columbia Gulf here in Stanton) from a range of \$2,000 and above. There is no matching. I am writing to purchase new library tables and chairs.
3. <https://steele-reese.org/how-to-apply/for-kentucky-applicants> Steele Reese Grant. Me and Julie have spoken to write the grant for the school to help fund an additional position for the next school year. I have looked on their previously awarded grants to get ideas and two of them were funded for math interventionist. I thought we could focus on reading/writing since that is the focus on this grant. I emailed the lady overseeing the grant and she said there is no matching funds.

Here is the list of previous grant recipients.

Corbin Independent Schools have received \$353,000 total since 2010 from this grant. Jennifer Francis received back in 2017, but is the only recipient for Powell County Schools.

“The highest priority of the Appalachian Kentucky Grant Program is ensuring that children leave the third-grade able to read and write on grade level; and that children leaving middle school can perform mathematics on grade level.”
