FOR IMMEDIATE RELEASE:

Mercer County Schools Unveils Profile of a Learner to Shape Future Leaders

Harrodsburg, KY – Mercer County Schools is proud to announce the introduction of our Profile of a Learner, a dynamic framework designed to propel our students towards success in both academia and the workforce.

This innovative profile encompasses six essential attributes: Critical Thinker, Engaged Citizen, Creative Contributor, Empowered Learner, Productive Collaborator, and Effective Communicator. Each facet has been carefully crafted to foster well-rounded individuals who can navigate the challenges of the future with confidence.

This Profile of a Learner is not just a vision; it's a roadmap for instruction and school improvement. By integrating these attributes into our curriculum, we aim to prepare our students for the challenges of the future, whether pursuing higher education or entering the workforce.

As Mercer County Schools continues its dedication to excellence in education, we look forward to witnessing the positive impact this initiative has on the growth and success of our students.
