Attended**

Arbiter - The Huddle

**Takeaways to help
Board and Staff**

Update on services and needs of the Association working with Arbiter staff.

General Commentary

Commissioner Tackett and I attended the meeting that included representatives from 22 states. Presentations included panel discussions on state operations, updates from Arbiter staff including security and future services. We were able to have an additional meeting with Arbiter senior sales and development staff as the Commissioner continues to work on implementation of current and future services for our member schools.
