Spring Team Tennis

**Championship
Update/Review**

The KHSAA State Tennis Team Championships are tentatively scheduled for June 3-5. Staff has connected with the administration at Berea College and has a site visit planned to discuss logistics as the alternate facility to use in conjunction with the University of Kentucky. Preliminary plans are to bring all region champions forward for a 16-team tournament, as was the case the last time this format was used in 2016. Schedules and details will be announced as soon as they are finalized.
