William Newsome, Jr., Board Chair - District 3
Linda C. Gearheart, Vice-Chair - District 1
Dr. Chandra Varia, Member - District 2
Keith Smallwood, Member - District 4
Steve Slone, Member - District 5

Date: February 13, 2024

Consent Agenda Item (Action Item): Approve agreement between the Floyd County Board of Education and McGraw Hill for high school Science curriculum, teacher and student resources, and digital resources for all Grades 9-12 students.

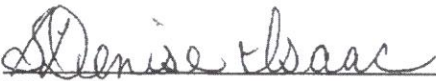

Applicable State or Regulations: BOE Policy states that only the Board of Education may enter into contracts and agreements.

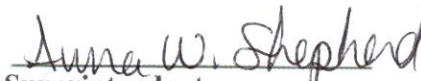

Fiscal/Budgetary Impact: The cost of \$321,665.32 will be paid from ARP ESSER Funds. This price contains a textbook, 1-year subscription, and resource materials and will be available to all students, Grades 9-12.

Issue Background: The Floyd County School District is developing a systematic curriculum for Science Grades 9-12. The process began in Fall 2023 and continues through the Spring 2024 school year, with the development of a districtwide science curriculum map. The district staff, teachers, students, parents, and community members have all reviewed the text, materials, and other resources from Pearson, McGraw Hill, and SAVVAS. Data from each reviewer has been collected from all 9 components of the Science curriculum. The data is included from all stakeholders and McGraw Hill is overwhelmingly the top choice for the Floyd County High School science curriculum. The students in Floyd County will benefit from your commitment to support the high school curriculum from McGraw Hill.

Recommended Action: Approve the contract agreement between Floyd County Schools and McGraw Hill.
