Hebron Middle School is seeking permission to install two volleyball post holes in the gym floor to crest a center court. This install will allow PE classes to set up and use bleachers; the volleyball team to have a center court, and safely play matches without running into the stage. The install will be completed by Martin's Flooring simultaneously with the recoating of the gym floor during the summer of 2024. Martin's Flooring has quoted an install, resurfacing, coating, and new lines, of \$5600. Funding will be through Hebron Middle School's classroom funds and or athletic account.

**.I recommend approval of this request.**
