Re: March 25th Board of Education Meeting Student Recognition: KY Chess Association Scholastic Champions

Earlier this year, Alex Beattie was named grade level champion through the Kentucky Chess Association's Scholastic Tournament - this means: he is the top 6th grader in the state for chess!

In addition, the Kentucky Chess Association recently held their Bughouse State Championship Tournament. Bughouse is a special 2 v 2, timed variation of chess. Alex and Garrison Chandler (both 6th graders) competed together as partners in the tournament, where they lost only 1 match out of 10, against many 7th and 8th grade teams. Alex and Garrison emerged as the Middle School State Bughouse Champions!

Congratulations, Alex and Garrison!
