Re: February 26th Board of Education Meeting Staff Recognition: National Board Recertifications

We would like to recognize all of our teachers that have worked extremely hard to earn their National Board Certification. National Board Certification is the most respected professional certification available in education and provides numerous benefits to teachers, students and schools. It was designed to develop, retain and recognize accomplished teachers and to generate ongoing improvement in schools nationwide. These individuals have recently completed their 5-year recertification process.
