Consent Agenda Item (Action Item): Consider/Approve bid with Sprinturf, LLC and Revised BG-1 for the Synthetic Turf Replacement at Prestonsburg High School.

Applicable State or Regulations: Capital Construction Process 702 KAR 4:160.

Fiscal/Budgetary Impact: Initial estimated BG1 cost was \$856,500. Revised BG-1 cost is \$656,891.50.

History/Background:

September 25, 2023

Board approved Initial BG-1 (Order #20389).

December 18, 2023

Board approved CD's and to advertise for bids (Order #20427).

March 19, 2024

Bids were opened and read aloud by Ross Tarrant at 2:00 pm in the maintenance conference room. A total of (9) bids were received with Sprinturf being the lowest bidder. Please see attached bid tabulation sheet and architects letter of recommendation.

Recommended Action: To award a construction contract with Sprinturf, LLC in the amount of \$560,865.00 and approve revised BG-1 as presented, pending KDE approval.

Re: Prestonsburg High School Turf Replacement
Prestonsburg, KY
BG 24-100
RTA 23055

Dear Ms. Hackworth:

Upon receipt and review of bids received on March 19, 2024 for the above referenced project, we find no reason not to recommend award of a construction contract to the lowest qualified bidder, Sprinturf, LLC, for the base bid amount.

If acceptable, the Board should consider a motion to award a construction contract to Sprinturf, LLC for a total amount of \$560,865.00 and to approve a revised BG-1 form that reflects this amount.

If you have any questions or comments concerning the bids and this recommendation, please contact me at 859-254-4018 or mhughes@rosstarrant.com.

Sincerely,

Michael Hughes, AIA, LEED AP
Project Manager

BG No. 24-100

Date: 3/19/2024 To: (Owner) Floyd County Board of Education

Project Name: Floyd County High School Turf Replacement Bid Package: GC

City, County: Prestonsburg, Floyd County, Kentucky

Name of Contractor: Sprinturf, LLC

Mailing Address: 146 Fairchild Street, Suite 150, Daniel Island, SC 29492

Business Address: 146 Fairchild Street, Suite 150, Daniel Island, SC 29492 Telephone: 843-936-6023

Having carefully examined the Instructions to Bidders, Contract Agreement, General Conditions, Supplemental Conditions, Specifications, and Drawings, for the above referenced project, the undersigned bidder proposes to furnish all labor, materials, equipment, tools, supplies, and temporary devices required to complete the work in accordance with the contract documents and any addenda listed below for the price stated herein.

Addendum #1 & #2 (Insert the addendum numbers received or the word "none" if no addendum received.)

BASE BID: For the construction required to complete the work, in accordance with the contract documents, I/We submit the following lump sum price of:

\$ 560,865.00
Use Figures

Five Hundred Sixty Thousand Eight Hundred Sixty-Five Dollars & Zero Cents
Use Words Use Words

ALTERNATE BIDS: (If applicable and denoted in the Bidding Documents)

For omission from or addition to those items, services, or construction specified in Bidding Documents by alternate number, the following lump sum price will be added or deducted from the base bid.

Alternate Bid No.	Alternate Description	+ (Add to the Base Bid)	- (Deduct from the Base Bid)	No Cost Change from the Base Bid
Alt. Bid No. 1				<input type="checkbox"/>
Alt. Bid No. 2				<input type="checkbox"/>
Alt. Bid No. 3				<input type="checkbox"/>
Alt. Bid No. 4				<input type="checkbox"/>
Alt. Bid No. 5				<input type="checkbox"/>
Alt. Bid No. 6				<input type="checkbox"/>
Alt. Bid No. 7				<input type="checkbox"/>
Alt. Bid No. 8				<input type="checkbox"/>

A maximum of 10 Alternate Bids will be acceptable with each Base Bid. Do not add supplemental sheets for Alternate Bids to this document.

LIST OF PROPOSED SUBCONTRACTORS:

List on the lines below each major branch of work and the subcontractor involved with that portion of work. If the branch of work is to be done by the Contractor, so indicate.

The listing of more than one subcontractor in a work category shall invalidate the bid.

The listing of the bidder as the subcontractor for a work category certifies that the bidder has in current employment, skilled staff and necessary equipment to complete that category. The architect/engineer will evaluate the ability of all listed subcontractors to complete the work and notify the owner. Listing of the bidder as the subcontractor may invalidate the bid should the architect's review indicate bidder does not have skilled staff and equipment to complete the work category at the time the bid was submitted.

A maximum of 40 subcontractors will be acceptable with each bid. Do not add supplemental sheets for subcontractors to this document.

The bidder shall submit the list of subcontractors with the bid.

	BRANCH OF WORK <small>(to be filled out by the Architect)</small>	SUBCONTRACTOR <small>(to be filled out by the contractor)</small>

LIST OF PROPOSED SUPPLIERS AND MANUFACTURERS:

List on the lines below each major material category for this project and the suppliers and manufacturers involved with that portion of work. Listing the supplier below means the Contractor is acknowledging authorization from the Supplier to include the Supplier in this bid.

The listing of more than one supplier or manufacturer in a material category shall invalidate the bid.

A maximum of 40 suppliers and manufacturers will be acceptable with each bid. Do not add supplemental sheets for suppliers to this document.

The bidder shall submit the list of suppliers and manufacturers within one (1) hour of the bid.

UNIT PRICES:

Indicate on the lines below those unit prices to determine any adjustment to the contract price due to changes in work or extra work performed under this contract. The unit prices shall include the furnishing of all labor and materials, cost of all items, and overhead and profit for the Contractor, as well as any subcontractor involved. These unit prices shall be listed in units of work.

A maximum of 40 unit prices will be acceptable with each bid. Do not add supplemental sheets for unit pricing to this document.

The bidder shall submit the list of unit prices within one (1) hour of the bid.

DIRECT MATERIAL PURCHASES:

Indicate on the lines below those materials to be purchased directly by the Owner with a Purchase Order to be issued by the Owner to the individual suppliers. The value of the direct Purchase Order cannot be less than \$5,000. Following the approval of bids, the Contractor shall formalize this list by completing and submitting the electronic Purchase Order Summary Form provided by KDE. Listing the supplier below means the Contractor is acknowledging authorization from the Supplier to include the Supplier in this bid.

A maximum of 50 POs will be acceptable with each bid. Do not add supplemental sheets for additional POs to this document.

The bidder shall submit the list of Purchase Orders within four (4) days of the bid.

TIME LIMIT FOR EXECUTION OF CONTRACT DOCUMENTS:

In the event that a bidder's proposal is accepted by the Owner and such bidder should fail to execute the contract within ten (10) consecutive days from the date of notification of the awarding of the contract, the Owner, at his option, may determine that the awardee has abandoned the contract. The bidder's proposal shall then become null and void, and the bid bond or certified check which accompanied it shall be forfeited to and become the property of the Owner as liquidated damages for failure to execute the contract.

The bidder hereby agrees that failure to submit herein above all required information and/or prices can cause disqualification of this proposal.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated hereinto. If no such provisions are furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

SPRINTURF

REQUEST FOR PROPOSAL

FLOYD COUNTY

PRESTONSBURG HIGH SCHOOL TURF REPLACEMENT
BG 24-100
RTA 23055

PRESTONSBURG, KENTUCKY

BID DATE: MARCH 19, 2024 @ 2:00 PM

PHONE: 843-936-6023 • FAX: 843-284-8823 • INFO@SPRINTURF.COM • 146 FAIRCHILD STREET, SUITE 150, DANIEL ISLAND, SC 29922

HISTORY - 100% AMERICAN MADE & OWNED

Sprinturf is one of the original artificial turf companies. Formed in 1998, this company has over 3,500 installations throughout the United States. In 2010, Integrated Turf Solutions (ITS), one of only two companies manufacturing artificial turf products in North America, united with Sprinturf, one of the most reputable turf marketers and installers in the country. The new Sprinturf became the **FIRST** fully integrated polyethylene turf company in North America - making it a world-class model, providing the best-in-class economics, logistics, quality, and service.

LOCATIONS

Charleston, South Carolina is home to Sprinturf's headquarters. Additionally, Sprinturf runs two manufacturing facilities, one in Chatsworth, Georgia, and the other in Dadeville, Alabama.

The Dadeville facility extrudes an extensive selection of nylon, polyethylene, and polypropylene yarns, as well as the most recent slit film and spinneret monofilament yarns. The tufting and urethane coating processes for Sprinturf are in the Chatsworth, Georgia, facility. Over 3,500 fields in North America have received yarn and finished synthetic grass products from the Dadeville and Chatsworth factories combined.

CAPABILITIES

Sprinturf often completes projects on schedule, significantly exceeding the industry average of 60% to 70%. Within twenty-one (21) days of receiving approved submittals, Sprinturf can manufacture and deliver synthetic turf for this project. **Sprinturf offers a manufacturer's warranty that is eight (8) years long and completely guaranteed by a third party because it oversees all aspects of testing and manufacturing.** Additionally, Sprinturf is the only turf manufacturer that guarantees a minimum tuft bind of 10. For all yarns produced in Sprinturf facilities to date, **there have been no fiber failures.**

Furthermore, Sprinturf offers **SprintCare**, a distinctive maintenance package. Sprinturf stands with you from the start (resin pellet) till your field is taken out ten years from now. Sprinturf provides the best pricing while making sure that all production conforms with all EPA and CPSC laws on heavy metals, etc. because there aren't many other players in the game.

QUALITY

In a variety of ways, the Sprinturf system is exceptional. We produce everything ourselves, therefore our top-notch quality procedures are built around prevention rather than detection. Additionally, the manufacturing facility for Sprinturf is **ISO-9001** certified. All the fibers are produced domestically throughout America. Slit tape fibers have been produced by us since 2002, and spinnerette monofilament since 2006. Eliminating imports of any kind gives Sprinturf a compliance edge with U.S. laws and regulations in addition to quality control. We completely manage the manufacturing process from the pellet to the completed good because we perform all the tufting and urethane coating ourselves. Additionally, we have a fully functional internal lab with Instrons, color cameras, UV weatherometers, and a Lisport accelerated wear tester.

MANUFACTURING

Sprinturf produces the highest-quality turf systems in the market thanks to its vertically integrated manufacturing process and unmatched quality control. Our two locations in Georgia and Alabama house manufacturing equipment valued at \$35 million. Our yarn factory at Sprinturf produces the most recent monofilament and slit tape extrusion lines that create our UltraBlade and MX fibers. Sprinturf extrudes a variety of nylon and polyethylene yarns, including textured, dual-colored, and dual-shaped yarns. To create our yarns, we only employ resins and color concentrates of the finest caliber.

Our innovative tufting and coating facility has been in operation since 2004 and is ISO-9001 certified. Sprinturf tufts and coatings a broad range of artificial turf products for use in landscape and sporting field applications. For all our turf systems, Sprinturf's unique urethane formulas provide industry-leading tuft binds. Compared to other companies, our custom created perforation system offers improved drainage rates (more than 60 inches per hour without infill).

AMERICA

Sprinturf has made significant investments in the United States and American workers. Only Sprinturf turf company that manufactures all the turf internally and in the United States. Sprinturf is an all-encompassing provider, beginning with the resin pellet and finishing with the installed field. Every job and every investment dollar are in the United States. We have more turf-related hard assets in the United States than the other three large turf corporations combined.

SAFETY

Out of all the playing surfaces, Sprinturf is one of the safes of any kind. Sprinturf employees would even create this playing surface for their own children thanks to its revolutionary patented 100% all-rubber system, standard rubber, and sand mix. Additionally, the polymers utilized in the production of Sprinturf synthetic turf products are bought from reputable firms like Dow and Exxon and have been examined and determined to be compliant with California's strict Proposition 65 regulations.

FINANCES & BONDING

One of only four national synthetic grass companies, Sprinturf is the only one to own all its \$50 million-plus American manufacturing facilities. The two biggest resin suppliers in the sector, Exxon and Dow, have long-standing supply and research partnerships with Sprinturf. The annual manufacturing and supply capacity of Sprinturf exceeds 25 million square feet.

Comprehensive commercial general liability, auto, liability, and workers' compensation insurance are all carried by Sprinturf. In addition, with a \$10 million per field limit and a \$10 million annual aggregate coverage, its third-party insured warranty is the finest in the market. For your reference, copies of its liability insurance certificate(s), third-party warranty, and sample warranty are supplied here.

We are happy to report that Sprinturf's surety is prepared to support contract performance and payment bonds on individual projects up to \$7 million and aggregate work programs of \$50 million and would be open to considering higher limits if necessary. This is based on Sprinturf's experience, financial stability, and management team.

SPRINTURF SUPPLY CHAIN

THE KEY TO ON-TIME DELIVERY OF YOUR FIELD

MADE AND MANUFACTURED IN THE USA

Your field is 100% Made In America. This means that Sprinturf is not effected by shipping issues.

FIBER - CERTIFICATE OF ORIGIN

Sprinturf will provide you with a Certificate of Origin (CO) declaring that your field was manufactured in the US.

<https://www.cbp.gov/sites/default/files/assets/documents/2023-Jan/CBP%20Form%200434.pdf>

ISO CERTIFIED FACTORY

Our ISO certified factory, in the US, monitors and ensures the quality of the product you are buying.

IN-HOUSE INSTALLATION CREWS

In-house crews completing the chain of custody. Sprinturf in-house crews assure quality and consistency in every field we install.

ISO-9001 CERTIFICATION

ISO-9001 CERTIFICATION

ISO-9001 is the international standard for Quality Management Systems (QMS), published by ISO (the International Organization for Standardization). In order to be released and updated, ISO-9001 had to be agreed upon by a majority of member countries so that it would become an internationally recognized standard, which means it is accepted by a majority of countries worldwide.

QUALITY MANAGEMENT SYSTEM (QMS)

The Quality Management System, which is often referred to as a QMS, is a collection of policies, processes, documented procedures and records. This collection of documentation defines the set of internal rules that will govern how your company creates and delivers your product or service to your customers. The QMS must be tailored to the needs of your company and the product or service you provide, but the ISO-9001 standard provides a set of guidelines to help make sure that you do not miss any important elements that a QMS needs to be successful.

CERTIFICATE

Sprinturf first became ISO-9001 Certified in 2014. We are listed in 2% of companies worldwide that passed the ISO-9001 audit with ZERO non-compliance in the first attempt.

ISO-9001 CERTIFICATION BENEFITS

The ISO-9001 standard is recognized worldwide and you can be confident that Sprinturf:

- Minimizes mistakes
- Improves reporting and communications
- Provides better quality products and service
- Has reliable production scheduling and delivery
- Standards are maintained by annual assessments

Our dedicated high-speed tufting machines and polyurethane coater are in our ISO-9001 certified Chatsworth, GA facility.

SPRINTURE CERTIFICATE OF AUTHENTICITY

We guarantee our full range of artificial turf products are all manufactured in the U.S.A. This brings you the best value for your investment, when it comes to any type of turf project, while also creating jobs in America.

Sprinturf has more than 2,200 turf installations in leading sports programs, colleges, universities and professional athletic teams across North America and abroad. Its high-performing dual-yarn systems are manufactured in the U.S.A at Sprinturf facilities in Alabama and Georgia. Founded in the 1990's and acquired by integrated turf solutions (ITS) in 2010, Sprinturf is the only company in North America that extrudes 100% of its fibers in-house and in the U.S.A.

RE: Sprinturf, LLC – Letter of Bondability

We are providing this information at the request of our principal.

We have been providing surety bonds for Sprinturf, LLC since 2020. We have approved bonds for them covering jobs up to \$8,000,000.00 and potential work programs of \$60,000,000.00.

We continue to be confident in Sprinturf, LLC ability to perform and we recommend them for your favorable consideration.

This letter is not to be construed as an agreement to provide surety bonds for any particular project, but is offered as an indication of our past experience and confidence in this firm. Any specific requests for bonds will be underwritten on its own merits.

Western Surety Company is listed on the U.S. Treasury Department's List of Approved Sureties (Department Circular 570) and is rated A (Excellent) with Financial Size Category of XIV (\$1.5 Billion to \$2 Billion) by A.M. Best Company.

Sincerely,
Western Surety Company

Theresa J Foley

Authorizing By-Law

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

SPRINTURF PREQUALIFICATION STATEMENT

Sprinturf, LLC
PlayCore Wisconsin, Inc.

RE: PREQUALIFICATION STATEMENT FOR FURNISHING SPORTS SURFACING & INSTALLATION SERVICES

To whom it may concern,

The Sprinturf Division of PlayCore Wisconsin, Inc., in collaboration with your local Sprinturf regional sales representative, seeks to prequalify as a manufacturer of athletic sports turf surfacing. Additionally, we are positioned to provide installation services through our network of factory-trained direct and certified installers. As this submittal attests, Sprinturf is fully qualified to provide the necessary equipment and services to fulfill the requirements of the most demanding project.

Sprinturf has been installing sports surfacing fields continuously since 1998. The Sprinturf Division is a vertically integrated company with extensive design, manufacturing, distribution, and installation capabilities. With two manufacturing facilities devoted solely to the manufacture of sports surfacing, Sprinturf is well equipped to handle orders of any size. Seasonal weekly production under the PlayCore umbrella can exceed \$5,000,000. Daily inventory often exceeds \$6,000,000. Sprinturf does all yarn extrusion, twisting, texturizing, tufting, and coating "in-house". Once an order is entered, Sprinturf is ready to deliver equipment to its customers within 21 to 30 days.

Sprinturf currently employs 400+ people to design and manufacture commercial artificial turf sports surfacing materials. The staff includes industrial designers, product managers, structural engineers, a landscape architect, and one CAD operators in the product development, design, and processing groups. Additionally, several consultants collaborate in key areas. PlayCore products are distributed in the United States by a network of 13 domestic independent sales organizations employing 130 sales and 98 support personnel. Seventeen international distributors market PlayCore products worldwide.

PlayCore conducts "GT College" annually and holds seminars throughout the year to disseminate the latest in product improvements and new design directions, computer technology, safety compliance, risk management, installation techniques, ADA requirements, and related topics. Staff members are CPSI-certified playground safety inspectors. Sprinturf provides local on-site playground design services utilizing laptop computers with exclusive GTCAD programing; furnishes CPSI safety audits; equipment selection consultations; safety surfacing materials; and installation by "factory-certified" installers for complete "turnkey" packages. On average, Sprinturf sales agencies have been serving customers for 23 years.

Chartwell Investments acquired all issued and outstanding shares of PlayCore stock in April 2000, and the company became privately held. Irving Place Capital (formerly Bear Stearns Merchant Banking), together with the company management, purchased PlayCore in February 2007. On May 30, 2014, PlayCore was acquired by Sentinel Capital Partners, a New York middle-market private equity firm which subsequently sold the company to Court Square Capital Partners <https://www.courtsquare.com/>. PlayCore product sales for 2023 are expected to exceed \$900,000,000.

PlayCore is a leading designer, manufacturer, and marketer of a broad range of commercial playground and park equipment, safety surfacing, site amenities, fitness, and related products. PlayCore currently operates in seven distribution locations, four

SPRINTURF PREQUALIFICATION STATEMENT

core manufacturing facilities; and ten specialized manufacturing sites. Registered in Delaware, Sprinturf division headquarters relocated to Daniel Island, South Carolina U.S.A. in 2018. In October of 2023, PlayCore Wisconsin, Inc., acquired Sprinturf, LLC. The PlayCore Federal Identification Number is 39-1720480; the DUNS Number is 006639710; and the CAGE Code is 84308.

We submit this as verification that Sprinturf is financially sound, experienced, and well positioned to provide a full-solution, total turnkey package for sports surfacing and related services from design to final inspection. As a privately held company, Court Square Capital Partners refrains from the distribution of financial data on segments of its investment portfolio that may be subject to public disclosure. Should further financial particulars on PlayCore be necessary, kindly contact Ms. Joni Manley, Vice President of Finance and Accounting, 423-648-5890, jmanley@playcore.com.

We certify the information submitted herein is true and correct.

RE: Fiber Failures

Sprinturf has over 3,500 fields in the ground, with ZERO field failures. Most field failures revolve around fiber breakdown. That is why Sprinturf uses the highest quality, most durable resins in our fiber. Sprinturf is the only manufacturer to produce 100% of its fibers in-house in the United States.

Sincerely,

Daniel Dietrich

SPRINTURF

ULTRABLADE

DFE EXTREME

46

SLIT-FILM / MONOFILAMENT

Sprinturf has the most dual fiber fields in the nation. DFE Extreme fields feature a 330 micron plus monofilament and a 120 micron plus slit film. Exclusively made in-house and in America.

The combination of monofilament and parallel-fibrillated fibers interlock to nearly eliminate infill flyout – a common complaint amongst athletes, coaches, and parents. The available two color configuration provides stunning aesthetics.

Sprinturf DFE Extreme fields feature two unique polymer technologies. State of the art C8 monofilament resins from Dow and Nova are married to a proprietary metallacene slit film resin from Exxon. The combined product featuring the greatest polymer suppliers in the world provide unmatched durability with exceptional resilience, playability, and safety.

AVAILABLE WITH OR WITHOUT THATCH ZONE

Fiber	Fibrillated Long-Slit Monofilament
Fiber Supplier	ITS - Sprinturf
Fiber Denier	10,000 / 10,800
Fiber Thickness	120 Microns + 330 Microns
Fiber Height	2.25"
Face Weight	46 oz / yd ²
Primary Backing	Non-Woven/Woven/Wovan
Primary Backing Weight	8.5 oz / yd ²
Secondary Backing	Polyurethane
Secondary Backing Weight	22 oz / yd ²
Total Weight (w/o infill)	76.5 oz / yd ²
Tufting Gauge	3/8" or 1/2"
Tuft Bind	> 10 lbs/force
Permeability	> 60 inches/hour
Infill Options	Multiple options available
G Max Warrantly	All Rubber < 150G's Sand/Rubber < 175G's

TESTING SERVICES

Report # 8093
 Lab Test Number: 3354321
 Report Date: February 16, 2021

www.testingservices.us • (706)226-1400
 office@testingservices.us

CLIENT:

Company:	Sprinturf
Address:	146 Fairchild Street
	Suite 150
	Daniel Island, SC 29492

TEST MATERIAL:

Date Material Received:	February 3, 2023
Material Type:	Synthetic Turf
Material Condition:	Excellent, New
Material ID:	46 oz DFE 2.0*

Test Overview:

Testing Services was instructed by the client to perform fiber, construction, and performance analysis on a submitted finished synthetic turf roll identified as: 46 oz DFE 2.0* in accordance with ASTM, EN, FIFA, or other accredited test methods outlined in the project specification.

Test Methods:

Standard:	ASTM D7138	Test Method:	Standard Test Method for Determination of Melting Temperatures of Synthetic Fibers (Fiber ID)
Standard:	ASTM D1907	Test Method:	Standard Test Method for Linear Density of Yarn by the Skein Method (Yarn Denier)
Standard:	ASTM D3218	Test Method:	Standard Test Method for Specification of Polyolefin Monofilaments (Ribbon Thickness & Width)
Standard:	ASTM D2256	Test Method:	Standard Test Method for Tensile Properties of Yarns by the Single Strand Method (Yarn Breaking Strength/Elongation)
Standard:	ASTM F2765	Test Method:	Standard Specification for Total Lead Content in Synthetic Turf Fibers (Lead Content)
Standard:	ASTM D5848	Test Method:	Standard Test Method for Mass Per Unit Area of Pile Yarn Floor Coverings (Weights: Total, Face, Primary, Secondary)
Standard:	ASTM D5823	Test Method:	Standard Test Method for Tuft Height of Pile Floor Coverings (Tuft Height above Backing)
Standard:	ASTM D5793	Test Method:	Standard Test Method for Binding Sites per Unit Length or Width of Pile Yarn Floorcoverings (Stitch & Gauge Count)
Standard:	TSI Internal	Test Method:	Perforation Spacing and Diameter (Drainage Hole Diameter and Spacing)
Standard:	ASTM D1335	Test Method:	Standard Test Method for Tuft Bind Strength of Pile Yarn Floor Coverings (Tuft Lock)
Standard:	ASTM D5034	Test Method:	Standard Test Method for Breaking Strength of Textile Fabrics (Grab Tear Strength)
Standard:	ASTM F1551	Test Method:	Standard Test Methods for Comprehensive Characterization of Synthetic Turf Playing Surfaces and Materials: Suffix-DIN 18-035, Part 6: Water Permeability of Synthetic Turf Systems and Permeable Bases (Water Permeability)
Standard:	ASTM D2859	Test Method:	Standard Test Method for Ignition Characteristics of Finished Textile Pile Yarn Floorcoverings (PBI Flammability)
Standard:	ASTM F1015	Test Method:	Standard Test Method for Relative Abrasiveness Index of Synthetic Turf Playing Surfaces (Abrabiveness)

Test Results:

		Yarn Analysis			
Method	Test Description	Test Result			
		10,000 SBT Film		10,800 Monofilament	
ASTM D7138 Method 2	Fiber Melt Point, Identification	120°C	Polyethylene	119°C	Polyethylene
ASTM D1907	Denier	10,248		11,128	
ASTM D3218	Ribbon Thickness	128 microns		310 microns	
	Ribbon Width	0.381"		0.043" X 6 ends	
ASTM D2256	Average Yarn Breaking Strength	35.7 lbs/force		17.6 lbs/force	
	Average Yarn Elongation @ Break	112.6 %		77.6 %	
ASTM F2765	Total Lead Content	10.3 mg/Kg		3.08 mg/Kg

LIMITED 8-YEAR WARRANTY

Sprinturf warrants the synthetic grass turf field at the XXXXXXXX for a period of eight (8) years from the date of substantial completion or "first use" (whichever comes first) against defects in the materials and workmanship provided including but not limited to, excessive ultraviolet degradation, loss of tensile strength, or excessive fading, as recognized by accepted industry standards. Sprinturf will, at its option, either repair or replace the affected area without charge to the Owner for the duration of the Warranty period. No cash refunds will be made. Sprinturf also warrants that the average G-Max level of its synthetic turf field will not exceed XXXXXXXX for the duration of the Warranty period.

Failure to follow the recommendations for proper maintenance of the synthetic grass turf field as outlined in our "Maintenance Guidelines" supplied to every customer at time of completion will void this Warranty.

This Limited Warranty does not cover:

- Damage due to external causes including, but not limited to, the application of chemicals or cleaning agents, vandalism, fire, flood, fireworks, contamination, windstorm, acts of God, change in water table and improper care.
- Damage resulting from accidents, force majeure, misuse, abuse, and neglect or from other than normal and ordinary intended use of the Product.
- Damage resulting from failure to maintain the Product in accordance with the Maintenance Guidelines provided to the Owner. It will be the Owner's responsibility to keep a detailed log of the maintenance provided to the field including (a) date and time of maintenance, (b) personnel providing the maintenance and (c) the maintenance action taken.
- All perceived or potential problems must be reported to Sprinturf headquarters in writing within 48 hours of the occurrence. Failure to do so will void this warranty.
- Damage resulting from materials applied or labor performed including, but not limited to, repair or attempted repair by anyone other than Sprinturf or an authorized Sprinturf third party service person.
- Use of improper footwear such as long spiked track shoes. Standard plastic molded soccer, lacrosse, football, or baseball shoes are recommended.
- Any recommendations by a third party provided to the Owner or its representative without the written approval of Sprinturf, which would alter or change materials or workmanship that were originally supplied or installed by Sprinturf.
- Damage attributable to normal wear and tear as determined by acceptable standards in the synthetic turf industry.
- Improper design of sub-base or drainage systems.

The obligations of Sprinturf under the Warranty are subject to full payment of all monies due Sprinturf for materials and/or labor related to the above referenced project. This Warranty will be voided if any third party, contractor, or turf manufacturer other than Sprinturf performs any labor or service on the subject field.

Sprinturf does not warrant recommendations, drawings, undocumented subgrade for engineer witnessed proof rolls or compaction tests, specifications, or plans made by Owner or its design professionals, architects, or other representatives. This Warranty is limited to the remedies of repair or replacement, which shall constitute the exclusive remedies available, and all other remedies or recourses that might otherwise be available are hereby waived by the Owner. Sprinturf will also not warrant any field where grooming tines have been used.

Sprinturf shall have no other obligations or liability for damages arising out of or in connection with the use or performance of the product including, but not limited to, damages for personal injury or economic losses. Sprinturf disclaims liability for incidental and consequential damages for breach of any express or implied warranty, including any implied Warranty of merchantability, with respect to the product.

This Warranty constitutes Sprinturf's entire obligation. All other prior written or oral agreements or drafts of agreements between the parties pertaining to the subject matter of this Warranty are superseded and of no force and effect and may not be used as evidence in interpreting the provisions of this Warranty. This Warranty is a Supplier's/Manufacturer's warranty. Any surety bond posted by ITS Sprinturf Holdings, LLC and/or Sprinturf, LLC to Owner/Obligee for the securitization of bid, performance and payment obligation does not guarantee any obligation contemplated in the warranty.

SPR NTURF SprintCare

SYNTHETIC TURF MAINTENANCE PROGRAM

Each step of our comprehensive maintenance service will be diligently performed by one of our SprintCare Certified Technicians. Fields can only be groomed in the months of September to May.

SEE YOUR
SALES REPRESENTATIVE

MAINTENANCE VISIT INCLUDES:

- 1 **CLEAN & REDISTRIBUTE INFILL**
Remove debris and redistribute infill.
- 2 **FIELD BRUSHING**
Brushing will break up clumps of infill and break up any matting.
- 3 **FIELD INSPECTION**
Check for any damage to the field and determine if any repairs are needed.
- 4 **INFILL DEPTH TESTING**
Verify infill depth.
- 5 **WRITTEN REPORT**
Provide a written report of the maintenance visit.
- 6 **GMAX TESTING**
Perform a GMAX test to ensure the field is in good condition.
