

Raegan Peace  
Helmwood Heights  
April Student of the Month

When I think of what it means to be a Panther, I think of Raegan. She embodies the qualities we encourage from all of our students at Helmwood. Raegan always comes to school ready to learn and do her best. She has a smile on her face every morning when she walks into the classroom. Raegan encourages her classmates to do the right thing and to be their best. She is everything we look for in a role model for other students. Raegan has a natural ability to be a leader in the classroom. She inspires her classmates daily with her respectful attitude and excitement for learning. There has never been a time where Raegan has been anything but kind to all of her classmates. When her classmates were asked to write some things they love most about Raegan, there was an overwhelming response about her kindness, her responsibility, and her respectfulness. Her classmates agree that Raegan is a friend to everyone. Not only is Raegan an amazing classmate and friend, she is always going above and beyond to be helpful in other ways. She often volunteers to help clean up the classroom after a long day of learning has happened. She will be the first to offer help to her fellow classmates and is inspiring for everyone she is around. I don't think there can be a negative thing said about Raegan and her giant heart. Congratulations Raegan, you are a well deserving recipient!!
