

5th Grade student of the month: Charlotte (Charlee) Peeler

Mrs. Wardrip: From the moment Charlee stepped into my classroom it was clear she was a leader. Her smiling face, positive attitude, and kind nature brings light into any room she walks into. I can always count on Charlee to be showing her leadership skills in a positive way, even when I'm not watching. She has grown so much this school year, and I can't wait to see all of the extraordinary things she accomplishes.

Mrs. Baxter - Charlee is one of those kids you can always depend on to help with a project, to be a leader, to be a positive role model and to always give 100% - and she always does so with a smile!

Ms. Elliott- Charlee brings a ton of sparkle to 5th grade. She always brings lots of smiles and positivity everywhere she goes. I never have to question if she is following expectations and if she is being a leader. She does exactly what she should do and then some. She goes above and beyond everyday. She is a great friend to all. She always includes everyone! The world needs more "Charlees." She is one reason I love being a teacher. I know she will go so far in life.. I am so excited to see her soar!
