As specified in KRS 158.844, the Mathematics Achievement Fund (MAF) provides funding for purchase of materials needed for modification of instruction (tier one, tier two and/or tier three) in mathematics and pay for extended time or release time for teachers to engage in professional learning of the new mathematics materials purchased. Therefore, a district/school shall use funding to purchase instructional materials for mathematics (including intervention programs and diagnostic assessments) that are High-Quality Instructional Resources (HQIR), which the KDE defines as being:

Aligned to the *KAS for Mathematics*.

2. Develop a shared vision on what mathematics teaching will look like for the students that the district/school serves (See the Curriculum Development Process, Phase 2 within the Model Curriculum Framework for guidance). The shared vision must include plans to:

Focus on the *KAS for Mathematics* and how students learn mathematics;

Actively engage teachers in understanding the *KAS for Mathematics* and evidence based instructional practices in mathematics.

Facilitate collaborative teacher interaction addressing models of instructional practice to support tier one, tier two and/or tier three.

3. Evaluate and select the HQIR, school shall use the KDE's Mathematics Instructional Resources Alignment Rubric. When evaluating resources, please consider the following:

Resources that meet expectations (green ratings) on edreports.org for mathematics.

Resources that earn positive and/or potentially positive effectiveness ratings according to the Academic Intervention Tools Chart and/or high ratings from other reliable studies, which can be accessed on the Elevating Evidence Clearinghouses and Databases resource.

4. All mathematics teachers who will be implementing the HQIR shall be trained in the newly purchased mathematics materials. The professional learning shall be:

*Aligned to the characteristics of High-Quality Professional Learning (HQPL); and
Aligned to the KAS for Mathematics.*

5. Submit a completed Mathematics Instructional Resources Alignment Rubric to ensure the selected materials needed for modification of instruction (tier one, tier two and/or tier three) align to the *KAS for Mathematics* (See the Curriculum Development Process, Phase 3 within the Model Curriculum Framework for guidance).

6. Submit a professional learning plan to the KDE for approval that aligns to the characteristics of High-Quality Professional Learning (HQPL) on the HQIR and demonstrates how and when teachers will be trained on the new mathematics materials purchased (See the Curriculum Development Process, Phase 4 within the Model Curriculum Framework for guidance).

7. Lead professional learning aligned to the mathematics vision for 100% of the mathematics teachers within the district/school using the newly purchased mathematics materials.

Reporting:

Evaluating the initial effectiveness of the newly purchased mathematics program will include the following below.

Completed Mathematics Instructional Resources Alignment Rubric to ensure the selected materials needed for modification of instruction (tier one, tier two and/or tier three) align to the *KAS for Mathematics* (See the Curriculum Development Process, Phase 3 within the Model Curriculum Framework for guidance).

Submitted professional learning plan for KDE approval that aligns to the characteristics of HQPL on the HQIR and demonstrates how and when teachers will be trained on the new mathematics materials purchased (See the Curriculum Development Process, Phase 4 within the Model Curriculum Framework for guidance).
