Please describe in 2-3 sentences how your project aligns with Rotary International's Focus Areas.

*

My project aligns with the rotary international focus areas of supporting education and literacy, as well as growing local economies. We are starting a new class at the high school in the computer science area of introduction to 3-D printing. With the start of this brand, new class comes the cost of equipment, tools, and other necessary items required to help students with the hands-on learning with 3-D printing that we currently don't have. 3-D printing is really big manufacturing and industry and we are hoping with offering this class it will get our students interested and want to pursue jobs in additive manufacturing and help our factories grow and improve.

Who is the target population served by this project/event? *

Student in the 3D printing Class

Please describe the project/event. *

Add another 3D printer to the classroom so that more than 1 student projects can be printed at a time.

Please provide a timeline for the facilitation of your project/event. *

Next school year

Please provide a budget for your project/event. *

\$600.00
