

# Progress Report

**Client:** Hardin County School District

**Facility:** Central Hardin High School

**Report Date:** 04/08/2024

**Roof Section:** Media Center

## Report Data

Title
Media center smooth cap 04/08

Smooth cap sheet application is now complete over the media center. All end and side laps are adhered nicely. The sheet is laying down nicely around drains and no dry laps were observed. Today the crew was adhering mineral cap sheet around the perimeter of the roof. Flashing bond is being applied to the back of each flashing and on the perimeter.
