4.7. VENDOR AND RECONDITIONING REQUIREMENTS

The company representative shall be a certified helmet reconditioner, authorized by the football helmet manufacturer for recertification of helmets under *National Operating Committee on Standards for Athletic Equipment* (NOCSAE) standard for football helmets. The company shall be a certified member of National Athletic Equipment Reconditioners Association (NAERA). A copy of the company's representative approved/certification must be attached to your bid. Failure to do so shall subject your bid to rejection.

No bid shall be accepted from any vendor that does not have, at its facility, fully operational helmet-testing equipment approved by the National Operating Committee on Standards for Athletic Equipment (NOCSAE).

All NOCSAE certified helmets are to have re-certification labels indicating the date and vendor name affixed in the helmet shell interior. Furthermore, all helmets shall have a warning label, as approved by the NFSA, NCAA, and Manufacturers, affixed to the shell exterior and interior. No helmet shall be reconditioned unless it is also re-certified (able to be re-certified).

All face protectors shall be removed for thorough shell inspection and testing, then reinstalled, using all new stainless-steel attaching hardware.

A Factory representative shall fit all student athletes in football helmets and shoulder pads. Fittings shall be scheduled at the school's convenience. Sales representative from the awarded company shall provide a helmet and shoulder pad fitting seminar for the coaches and shall personally provide helmet fittings to all players in the District. The awarded vendor shall provide a training seminar to all players with regard to the proper use, care, sanitizing and cleaning of football gear. A completed ***Fitting and Training Acknowledgement Form*** shall be submitted to the Purchasing Agent for the Kenton County School District upon completion of each fitting and training for each and every school football program each season. Multiple sessions may be required per school each year to capture all of the players.

Equipment shall be cleaned and sanitized at least in accordance with the original manufacturer's policies and procedures. Where original manufacturer's procedures exceed the standard of the National Athletic Equipment Reconditioners Association (NAERA), the original manufacturer's procedures will take precedence.

The bidding company must provide a helmet inventory for each school. This inventory must include the following: make, model, and year (age of the helmet) for each helmet reconditioned. Helmets that are rejected during the reconditioning process must also be listed by age, year, and size of helmet rejected.

All facemasks that are deemed unusable must be replaced with the same model facemask.

All parts and labor shall be fully guaranteed. The successful bidder further agrees to forfeit remuneration for services and/or goods where specifications are not followed or with which standards are not adhered.

Any equipment not meriting repair and/or beyond economical repair shall be marked "Reject" along with the model and year of the helmet. There will be no charge for rejected equipment. Rejected equipment shall be returned to the Kenton County School location including component parts.

The awarded vendor shall be solely responsible for damages or loss of the equipment between the time it is collected and the time it is returned to the school location.

The sales representative must inspect and inventory all equipment needing to be reconditioned at each location. Missing parts shall be noted at the time of equipment retrieval. A written estimate of the cost shall be given to the school. If the work to be performed exceeds the original estimate by more than 10%, the school must be contacted for approval before work can continue.

All replacement parts shall be new parts.

All invoices shall be detailed and itemized by Reconditioner.
