Simpson County Board of Education,

First, I want to thank each of you for trusting me with the photography of the FSHS senior class for the past 30 years. With my photography, I have always felt like I am part of the school systems "family."

I appreciate that the board has allowed me to work with the senior class for so many years. The board has trusted me to deliver the best quality photographs and service to our seniors.

I would like to continue to photograph the seniors for two more years. This will be through the graduation of my granddaughter, who will be a junior next year. After that, I am pretty sure I may retire.

Once again, I am not raising prices. The price point we have been at for so many years works. I enjoy the work, enjoy being around the kids and working with the adults at the high school who are part of the process. I don't want to make money, I want every student to have the chance to get their photos.

My mom could not afford my senior pictures when I was a senior at FSHS. I have one 8x10, and that is all we could purchase. I don't want students to not be able to have such a special memory of their last year of school. I make sure everyone gets at least one photograph, and slide "extra" prints to the ones that I know need a little help along the way.

Please consider accepting my bid for photography of the senior class for the next two years.

Thank you!

Amy Ellis
