RE: Financial Aid Report

---

At your direction, I have completed the annual financial aid reports from the member schools for the 2022-2023 academic year. We have 100% compliance from our member schools in submitting the survey. In accordance with the adjusted schedule that was submitted and approved during the 2019-2020 school year, we will continue to send this report out during the fall for the prior school year's report.

At this time, we do have all member schools reports and are doing a thorough review of the data. I will have a full report for you at the July meeting.
