TIGERS READ

The Tigers Read Program had their last regular meeting on Friday, April 26th. We are working on planning a celebration for them for the end of the school year. We are also planning to recognize high school students at honors night. High school students were able to earn 18 service hours through the Tigers Read Program.

Not only did this program allow students to build relationships with their reading partners, it also impacted their academic success. Click [HERE](#) to see reading MAP scores and observed growth for the 2nd grade students in the program. The average growth from the beginning of the year was 16 points. We are thrilled with the success of the program and plan to continue this program next year.
