Bardstown High School moving districts is contingent on LaRue Co. moving from District 4 to District 2. Geographically, LaRue's move to District 2 helps cut down their average away travel by 30 miles. The central time zone does not seem to be an issue. Their move would make District 2 a six team district and District 4 a four team district. To keep balance, Bardstown would move to District 4. We are currently in a six team district, so our move would put District 3 as a five team District, District 4 a five team District and District 2 a six team District. Bardstown would increase average mileage by 13 miles to each location, but b/c of our access to the Bluegrass Parkway and Highway 150, our travel time will be shorter. Those roads are not as busy during rush hour as 31W and I65, which we have to take going to the Louisville schools.
