RE: School Fees

Attached for the Board's approval is the revised school fees for elementary, middle, and high schools. The last update to the elementary fees was in March 2022. The last update to middle and high school fees was in May 2019. The revised school fee schedule will begin on July 1, 2024.

Per Board policy, the fees shall remain in place until modified or removed by Board resolution. Consistent with Board Policy 09.15, students cannot be denied access/participation based on the inability to pay. Schools will need to seek ways to assist students with waiver of fees.

*Excerpt 09.15*

**Inability to Pay**

No child shall be denied full participation in any educational program due to an inability to pay for, or rent, necessary instructional resources.

**Waiver of Fees**

The Superintendent shall recommend and the Board shall approve a process to waive fees for students who qualify. At the beginning of the school year or at the time of enrollment all students who qualify shall be given clear and prominent written notice of the fee waiver provisions. The written notice of the fee waiver process shall include a form that parents may use to request waiver of fees. Mandatory waiver of fees for qualifying students shall be accomplished in compliance with applicable statutory and regulatory requirements.

I ask the Board to approve the revised school fees for elementary, middle, and high schools effective July 1, 2024.
