State	Interval	Comment
Alabama High School Athletic Association	Every two years	
Alaska School Activities Association	Other	our policy simply states "Division III, Division II, Division I (Board places schools into Divisions)" Bear in mind, we only have 28 schools playing football with an enrollment span of 100 to 2200 students.
Arizona Interscholastic Association	Every two years	We reclassify football by a standard deviation, success factor.
Arkansas Activities Association	Every two years	
California Interscholastic Federation	Other	This is done by our 10 Sections. Most are very four years but several are every two.
Colorado High School Activities Assn	Every two years	
Connecticut Interscholastic Athletic Conference Inc	Every year	
Delaware Interscholastic Athletic Association	Every two years	
District of Columbia State Athletic Association	Every year	We look at it every year, but we don't necessarily change anything.
Florida High School Athletic Association	Every two years	
Georgia High School Association	Every two years	
Hawaii High School Athletic Assn	Other	Hawaii does not reclassify unless it becomes warranted.
Idaho High School Activities Assoc	Every two years	
Illinois High School Association	Every two years	Every two years we adjust classifications in all sports based on the average enrollments of schools the previous two school years.
Indiana High School Athletic Association	Every two years	
Iowa High School Athletic Association	Every two years	
Kansas State High School Activities Assn	Every year	All activities are classified annually, except football which is every other year.
Kentucky High School Athletic Association	Every four years	Adjustments every two within defined parameters within the four years.
Louisiana High School Athletic Association	Every two years	
Maine Principals' Association	Every two years	
Maryland Public Secondary Schools Athletic Association	Every two years	
Massachusetts Interscholastic Athletic Association	Every two years	
Michigan High School Athletic Association	Every year	
Minnesota State High School League	Every two years	We do all sports every two years. In the in between year, we assign any new programs by their enrollment.
Mississippi High School Activities Assn	Every two years	
Missouri State High School Activities Association	Every year	
Montana High School Association	Every two years	
Nebraska School Activities Association	Every two years	

Nevada Interscholastic Activities Association	Every two years	The NIAA uses a combination of enrollment, rubric scores and a relegation system to set our football alignment every two years, but we also are experimenting currently with a one-year relegation system in the highest enrollment classification (5A - into three divisions kind of like the California model). Donnie
New Hampshire Interscholastic Athletic Association	Every two years	
New Jersey State Interscholastic Athletic Association	Every two years	All sports are on a two-year classification cycle.
New Mexico Activities Association	Every two years	At one time we tried four years. We had multiple appeals and complaints after two years anyway due to enrollment numbers changing during that time. With football, they used "numbers" coupled with "safety" as to why they needed to be moved down. So, we went back to two years.
New York State Public High School Athletic Association	Every year	
North Carolina High School Athletic Assn	Every four years	
North Dakota High School Activities Assn	Every year	I anticipate my Board of Directors switching back to a 2-year classification cycle for football beginning with the 2025-25 school year. We have re-classified every year for the past three seasons.
Ohio High School Athletic Association	Every two years	Ohio reclassifies every two years; however, we do have a competitive balance factor that is factored each year that affects approximately 30 schools each year which will move up or down a division.
Oklahoma Secondary School Activities Association	Every two years	
Oregon School Activities Association	Every four years	Our Classification and Districting Committee meets every four years to reclassify schools in all sports. Our Executive Board reviews school enrollment figures each December from the previous year for those schools that have exceeded (or dropped below) their classification cutoff point. We have a Football Ad Hoc Committee that meets every Winter to review placement of schools with the ability to move schools down a classification based on a sustained lack of success.
Pennsylvania Interscholastic Athletic Association	Every two years	We collect enrollment numbers October 1-15 every odd numbered year to go into effect the next two school years.
Rhode Island Interscholastic League Inc	Every two years	We do not reclassify schools by enrollment only
South Carolina High School League	Every two years	
South Dakota High School Activities Association	Every two years	
Tennessee Secondary School Athletic Association	Every two years	Currently reviewing our alignment cycle. Likely will settle on a four-year alignment, but adjustments made every two years, which in reality, will let it remain a two-year alignment
Texas University Interscholastic League	Every two years	
Utah High School Activities Association	Every two years	
Vermont Principals Association	Every year	Football and hockey is every year, other sports every 2
Virginia High School League	Every four years	Our alignments are for all sports. We do major alignments every four years. At 2-year midpoint, we make adjustments for any school whose enrollment has changed by 5%
Washington Interscholastic Activities Association	Every four years	If granted a petition down, we review impact at the 2 year mark
West Virginia Secondary School Activities Commission	Every four years	
Wisconsin Interscholastic Athletic Association	Every two years	
Wyoming High School Activities Assoc	Every two years	for all sports
