5A	1	Apollo	Designated Representative Dan Crume	No	
5A	1	Graves County	Designated Representative Kristain Elliott Athletic Director	No	A faculty member and I were discussing what a District plan created using AI would look like, in doing this for 5A a geographic redistrict plan that makes a ton of sense was created. I spoke with Mr. Joey Henderson at Mayfield and he advised the best course of action was to attach a link for this on the survey, the link is provided below:  <a href="https://docs.google.com/document/d/1mLWBwHhK9eDYLqRiW6Qw8wcYC6Bt652Xba8Wit9gAgg/edit?usp=sharing">https://docs.google.com/document/d/1mLWBwHhK9eDYLqRiW6Qw8wcYC6Bt652Xba8Wit9gAgg/edit?usp=sharing</a> Proposal will be shared with options document for public and board

5A	2	Barren County	Designated Representative Warren Cunningham	No	Barren County High School requests to move into Class 5A District 4 due to the geographical location for region play. We are the most eastern county in Region 1. Playoff travel would be closer. Every 1st, 2nd, and 3rd round playoff games would be within 90 minutes. The closest playoff game in Region 1 would be at least an hour and 45 minutes.

5A	2	Grayson County	Designated Representative Jason Kinkade	No	We would like for the board to consider leaving Grayson County High School in class 5A district 4 like we are now. Or district 3 if that helps keep better balance between district numbers. We are in the central time zone but we neighbor Hardin County where the Eastern time zone starts. We appeal every golf realignment for the same reason. With us being on the Western Kentucky Parkway it is much better for our student athletes to travel by bus on the WK Parkway to I-65 to district 3 or 4 opponents compared to taking Highway 185 / 187 to Warren County.  District travel:  Based off of Google Maps Barren County High school is 60 miles from GCHS but takes 1 hr 10 mins to get there driving a car because having to take highways to get to the Cumberland parkway. While Bullitt Central is the same distance and only takes 55 mins by car because it is all parkway and Interstate.  Another example according to Google maps Bowling Green High School is only 43 miles away from GCHS but Google maps says it takes 56 minutes to get to that destination. Where once again Bullitt Central is further in distance but has a shorter arrival time on Google Maps  Greenwood High School is 47.5 miles but the destination time is an hour. North Bullitt is 66.4 miles in distance but has the same arrival time as our trip to Greenwood but the trip to Bullitt Co has much straighter roads.  Playoff travel based off of the FB2025 Draft maps show the 4 furthest trips could be  District 1 furthest trips  Graves County- 150 miles Marshall County- 127 miles Madisonville- 79 Owensboro- 61  District 3 or 4 furthest trips  Jeffersontown- 82 Seneca- 78 Iroquois- 78 Atherton- 77

5A	6	Scott County	Designated Representative Steve Helton	No	Scott County High School supports the AI 5A alignment submitted by Graves County for the following two reasons: 1. AI eliminates all perceived bias. 2. With RPI already in place for playoff seeding, the next logical step is computer generated district alignments.
5A	6	South Oldham	Designated Representative Joe Richie	No	South Oldham High School supports the AI 5A Alignment submitted by Graves County for the following two reasons: 1.
