Spring Individual Tennis

**Championship
Update/Review**

The individual/doubles state championships will take place May 28-30, with the first day of competition split between the University of Kentucky, Eastern Kentucky University and Berea College. The number of courts required to complete the matches on the first day necessitates the use of three facilities for the 2024 championships.

In previous years, Shillito Park was used as the second site for the opening day, but the site is scheduled to undergo renovations this summer and is not suitable for competition at this time.

All competition on May 29 and May 30 will take place at the University of Kentucky.

**Staff and Worker
Update**

The use of three facilities on the opening day will require additional staffing for the event.

**Noteworthy Changes /
Anticipates Changes**

The implementation of the team tournament means that accumulated points will no longer determine the state team champion.
