To whom it may concern:

I can attest that the information provided in this spreadsheet was pulled directly from Infinite Campus by me, and that it is an accurate reflection of the addresses we have on file for each of the student athletes. The dates in the Notes column indicate either confirmation of address or address change through parent online registration. Additionally, if the student is no longer enrolled in BGISD, the last enrolled school year date is listed.

If you do have any questions, you may contact me at 270-746-2200.
