To Whom It May Concern,  
My name is Larry Logsdon, Athletic Director at Daviess County High School. I am writing this letter to you on behalf of Daviess County High School pertaining to the redistricting of the 6A football alignment beginning the year 2025-2026.  
We would like to appeal our placement in this redistricting process. We have been placed in 6A District 2 and would like to be placed in 6A District 1. Our reasons for this appeal are as follows:  
1) By being placed in District 2 that causes travel distance/time and logistical issues with transportation. Two of our three district opponents would now be in a different time zone than us.  
a. Our bus situation does not allow our teams to leave before 4:30 PM CST. We then have to travel 90 minutes and into EST zone for the games. That puts us arriving to those schools at 7:00 PM local time. To safely prepare mentally and physically for the game it is a 60 to 90 minute process pre-game. That pushes game time to 8:00 PM to 8:30 and that is depending on everything going smoothly with travel.  
2) By being placed in District 1 we eliminate the time issues with everyone being in the CST zone. This also puts us with the teams that we have been District rivals with for many years. We have been natural District rivals with Henderson County (30 minutes away) for over fifty years. We have also been district rivals with McCracken County since their school originated. These very competitive games become difficult to keep with our new alignment.  
3) We are aware that moving to District 1 would make that a five-team district and make District 2 a three-team district for possibly one year. When Hopkinsville and Christian County merge then that would put District 1 back to four teams.

Thank you very much for considering our appeal in this situation.
