**Other General Commentary Including any geographic placement suggestions**

**Please mention any other desired comments on behalf of your school:** We would like for the board to consider dropping the 2 opponents with the lowest RPIs from each team's end of season calculation. We feel this would help alleviate the issue with the uneven number of teams in certain districts. We believe that team's who are in 6 team districts are at a disadvantage with the RPI calculation compared to those schools who are in 4 or 5 team districts. Thank you for your consideration.
