NOTE: Federal Grants are reimbursement basis. Therefore funds must be spent in compliance with grant requirements and at that point an application for reimbursement may be made.

## Strategy to spending:

- \* Cover all PPE and related expenses incurred by the District to date, previously intened to be covered by FEMA.
- \* Purchase software as tools to manage and support virtual learning and assessment
- \* Purchases tools to assess SEL needs

\* Ask Principals to complete an assessment and define their most immediat nees as Priority 1

- \* Ask Principals to submit all expenditures using SBDM funds related to needs due to COVID for consideration to be reimbursed
- \* Ask Principals to submit other priorities for consideration in the allocation of remaining funds

## Vaccine incentive pay

- \* Establish decision making at the instructional level vs. individual school level
- \* Obtain community input for the expenditure of funds at school level.
- \* Include operational departments, i.e. transportation, maintenance, food services, business offices, etc. in the conversation about how the funds should be used.
