INSTRUCTIONAL COACHES REPORT

- This month I have continued regular coaching meetings with each teacher along with co-teaching and collaborating to provide support.
- All students participated in MAP Testing. I assisted with that process. We have spent and will continue to spend time analyzing that data to inform instructional decisions and Tier 2 and Tier 3 placements for next school year.
- We met as a math department to discuss our math pathways. This is an ongoing discussion as we consider research-based best practice in conjunction with our unique school structure and schedule.
- Book Giveaway will be held on May 16. All English classes will bring their classes to the library to get several books to take home for the summer!

GUIDANCE COUNSELOR REPORT

- This month has been consumed with Kentucky Summative Assessment end of the year activities! I conducted the Administration Code Spring training, as well as the KSA proctor training. We tested May 6-10. We tested all students except for 1 and are currently working on bringing that student in to take the exams.
- We had the 8th graders from Southgate visit our school. It was a great visit and we believe almost all of the students are planning to enroll at BHS.
- I also have been meeting about Graduation, Undergrad Awards, Scholarships and class offerings for next year.
