**APPLICATION PERIOD: APRIL 8 TO MAY 19, 2024**

# Norton Healthcare High School Academy Program

## Summary

### About the program

The Norton Healthcare High School Academy Program is designed for high school students who have an interest in pursuing a health care career. Participants will receive hands-on experience while working 12 hours a week as interns alongside an experienced Norton Healthcare employee. Positions are paid, but not eligible for benefits. The program runs through both the fall and spring semesters of the academic school year. Job offers are dependent on successful completion of pre-employment requirements. Once hired, interns must complete our system onboarding requirements.

### Who is eligible to participate?

Interns must be age 17 or older. Parent or legal guardian permission is required for all minors.

### Where will interns work?

Interns can work in a variety of health care settings, based on their position:

- **Patient care associate intern:** Medical/surgical and progressive care units at one of our adult-service hospitals
- **Inpatient lab processor intern:** CPA Lab or the inpatient lab at one of our adult-service hospitals
- **Receptionist intern:** Norton Medical Group locations, including primary care offices and Norton Immediate Care Centers
- **Hand hygiene assessment intern:** Various hospitals throughout our system
- **Diagnostic imaging associate intern:** Two of our adult-service hospitals

EOE, including disability/vets

©Norton Healthcare 3/24 HR-73200

### What does the program offer in addition to on-the-job experience?

Norton Healthcare High School Academy Program interns will have access to symposiums, career coaching resources, job shadowing opportunities, mentorship and career exploration.

### Other Important Information

Norton Healthcare High School Academy Program interns will report to Norton Healthcare's workforce development department.

Workforce development team members and Norton Healthcare leadership will communicate with interns on a regular basis.

Interns must adhere to a universal source control (masking) protocol and any additional safety precautions when working at a Norton Healthcare facility.

For questions about the program, visit [NortonHealthcare.com/WorkforceDevelopment](https://www.nortonhealthcare.com/WorkforceDevelopment) or email [WorkforceDevelopment@nortonhealthcare.org](mailto:WorkforceDevelopment@nortonhealthcare.org).
