Community Leadership Reveal Meeting with DAYTON INDEPENDENT SCHOOLS

The Dayton Independent School District was recently selected by the Prichard Committee for Academic Excellence to participate in the Kentucky Community Schools Initiative!

After several meetings that included the Dayton Community, School Staff, Parents/Guardians and Community Partners we are happy to share that we have an Action Plan in place. We would like to share this plan with all of you and continue this journey of Growing together with our Community Schools Initiative.

We will be sharing this at the beginning of our May Board Meeting.
