

I am requesting the CCBOE to sanction the following middle school sports:

- Volleyball
- Boys Soccer
- Girls Soccer
- Baseball
- Softball
- Track
- Wrestling
- Archery
- Bowling

Currently we have 5 CCPS middle school sanctioned sports: FB--GBK--BBK--Dance--Cheerleading. Each of which has an attached Coaching staff stipend and the middle school pays for their transportation to competitive events.

This Fall we have run into an issue. Our BSoc and GSoc started a middle school program and planning to participate in a league here with Western Ky schools (UHA, Hopkins Co, etc). Because we were not sanctioned by our CCBOE and as a result did not meet the required KHSAA middle school sports, many of these teams would not compete against us.

By sanctioning these sports:

- Meet KHSAA middle school criteria
- Provide more opportunities for our current unsanctioned middle school teams to compete in this area
- CCPS District would not be providing coaching stipends
- CCPS District (as well as CCMS and HMS) would not pay for transportation
- CCPS District would merely be providing insurance coverage and the opportunity for these sports to use CCPS transportation as long as the above sports paid the transportation costs.
