Emily,

Rachele just reviewed Terrion's transcript again and looks like he's missing English 4B and a half credit of Science. She checked his Edgenuity account to make sure he wasn't working on them but didn't see them on his Edgenuity account. Let us know!

Terrion completed a semester of Visual Arts at his previous school in Ohio but when it was manually entered it was entered as a half credit instead of a full credit (which we give here for one semester of visual art). I can change this on his transcript.

Terrion plans to go into real estate or business. He mentioned opening a laundromat or something in the clothing business as he enjoys fashion. His last few elective credits I assigned him were Small Business Entrepreneurship and Intro to Business for this reason.
