

Cohort Offer Exclusively For Kentucky Public School Districts

CENTEGIX Safety Platform leverages dynamic digital mapping, an easy-to-use wearable panic button, real-time visitor locating capabilities to plan for and respond faster to crisis situations.

Our Safety Platform is the foundation of your layered school safety plan. Give your entire school and district staff the confidence to act and respond quickly in emergencies—from the every day to the extreme.

As part of an exclusive offer to KY Public School districts, and for a limited time, CENTEGIX is offering the full Safety Platform at a significantly reduced rate for a cohort that makes a decision by May 31, 2024.

	Standard Price	Cohort Offer
Year 1	\$18,850/school	\$15,600/school
Years 2-5 (per year)	\$10,200/school	\$ 8,600/school
Total	\$59,650/school	\$50,000/school

This includes all hardware, software, installation, training, warranty and maintenance.

The CENTEGIX Safety Platform empowers all of our teammates to lead and elevate the culture of safety in Meade County Schools. The financial value of this solution is unparalleled. Our students and school community are better positioned for teaching and learning because of this safety partnership.

Dr. Mark Martin,
Superintendent
