PREPARED BY: Myron Thompson, Chief Operating Officer @ 381-4165

Recommended Action on: 6/24/2024
Consent Item

Superintendent Prior Approval: No

Recommendation/Motion: Approve the Schematic Design Documents for the construction of the New Henry Clay High School.

Background/Rationale: The construction of the New Henry Clay High School is listed as priority 1b.3, 5.21, and 5.22 on FCPS's 2021 District Facility Plan (DFP) amendment #2. The design team is designing the new construction yielding a final project to serve 2,300 students. The building construction project will be funded through a bond issue. A BG-1 Project Application for the construction, identifying the extent and cost of the work, was approved by the Board at its March 25, 2024 meeting and has been filed with the Kentucky Department of Education. At this time, the Board is required by 702 KAR 4:160 to indicate acceptance of the schematic design documents represented in the plans prepared by the design consultants Tate Hill Jacobs Architects. Based on the review of these documents by FCPS staff, the Office of Facility Design & Construction recommends approval of these plans. Upon the Board's approval, these documents will be submitted to the KDE District Facilities Branch prior to the preparation of design development documents.
