Informational Item

Superintendent Prior Approval: No

Recommendation/Motion: NA

Background/Rationale: This is to inform the Board of the restricted and non-restricted indirect cost calculations adopted and approved by the Kentucky Department of Education of 8.56% and 21.10% respectively effective July 1, 2024. Indirect costs are expenditures in support of a program that are not directly identifiable to that program. The Federal government allows entities to be reimbursed for a portion of support expenditures incurred with relation to Federal programs. The Kentucky Department of Education calculates two different rates for indirect costs - restricted and non-restricted. Restricted rates may be applied to federal grants that exclude expenses for district administrative support and allow non-restricted rates that may be applied against district food service programs. The U.S. Department of Education requires the Kentucky Department of Education to have the approved indirect cost rates for school districts.
