BCPS Field House Due Diligence - Geothermal Test Bores

Three proposals for the test bores were solicited to provide required site due diligence for all of the New fieldhouses (North Bullitt, Central and East). The numbers below reflect (1) test bore at each respective site. Below is a listing of the proposals received:

SKA and CMTA recommends Bluegrass Geothermal for this scope of work. *Cost of three test bores is \$52,000.00.*

Funding for this work is included on the Site Survey line item per the initial BG-1 in the amount of \$200,000.

Billing towards this line item includes the following services performed to date:

- Kapur – Survey Updates \$39,945.00
- Kapur – Survey Updates \$16,970.00
- CSI - Geotechnical Borings at North Bullitt - \$ 4,100.00

Total billed to date: \$61,015

Total Remaining: \$138,985 (Prior to Geothermal Test Bores as noted above).

For reference - Test Bore at BEHS FA cost \$18,100 for one bore. Costs noted here are in line with previous work on other projects.
