This document serves as an agreement between the Band Boosters and the Allen County Board of Education. Band Director Tyler Cook has requested the ACBOE add 2 new positions for Band Camp Instruction and Seasonal Instruction. These will be Paraprofessional stipends in the amount of \$700 each. There will be a total of 8 Band Camp Instruction stipends paid in FY 25 and 4 Seasonal Instruction stipends paid in FY 25. These positions will be filled and paid by the ACBOE.

The Band Boosters agree to reimburse the ACBOE for the total stipends and fringes paid for these two positions in FY25. An estimation of the costs are as follows:

Salary $\$700 \times 12 = \$8,400$

Employer fringes = \$815

CERS ER contributions = \$1,660 (if these positions are filled by individuals who are not employed in a classified position during FY 25 by the district, these costs will not apply)

Total salary plus fringes = \$9,215

CERS contributions, if applicable = \$1,660

Signing below indicates an understanding that these costs are estimated and that the Band Boosters are responsible for the actual costs whatever those may be. Signing below indicates and understanding that the Band Boosters will be expected to submit payment to the ACBOE when presented with an invoice, and sufficiently in advance of these payments being due to the individuals performing these services.
