Conduct on Bus

PRINCIPAL AUTHORITY

Consistent with the District Code of Acceptable Behavior and Discipline, the Principal/designee has authority to discipline pupils who ride school buses.

REPORTING OF VIOLATIONS

Bus drivers shall promptly report any violation of District policy or school rules to the Principal. Drivers may file a written or electronic complaint or report of student misconduct (06.34 AP.2) including a recommendation to revoke transportation privileges. Drivers may be heard at any disciplinary hearing relating, at least in part, to misconduct that occurred during the operator's transportation of the student.

DISCHARGE OF PUPILS FROM BUS

Unless the situation is life-threatening for either the driver or the passengers, a threatening or violent student should not be confronted, if at all possible. The driver needs to use the cellular phone and dial 911 for assistance and call the Director of Transportation. Confronting the offending student could possibly lead to putting the lives of the other bus riders in further danger.¹ If calls for assistance are unsuccessful, the driver is authorized to order the offending student from the bus if the student is in the sixth (6th) grade or above. Drivers shall only discharge students in compliance with Policy 09.2261.

WITHHOLDING OF RIDING PRIVILEGES

The Principal is authorized to withhold bus-riding privileges up to a maximum of ten (10) school days per occurrence in the case of habitual or serious conduct violations. The Principal shall notify the parents in cases where bus-riding privileges have been withheld. Drivers may, upon filing a written report to the Superintendent/designee, refuse future transportation to students in violation of the Code of Acceptable Behavior and Discipline until an interim or final determination of disciplinary action has been made.

The Superintendent or the Superintendent's designee may withhold bus-riding privileges up to the remainder of the school year.¹

RESTITUTION OF DAMAGES

The parents or guardians may be held responsible for restitution of any damages, beyond normal usage, inflicted by their child.

STUDENTS WITH SPECIAL NEEDS

Students with special needs who exhibit inappropriate conduct shall be managed in accordance with their Individual Education Plan (IEP) and/or 504 Plan and the legal obligations and standards adopted by the Board.²

Students of Military Families

The following are key provisions that apply to students from military families that are based on the compact agreed upon by states belonging to the Interstate Commission on Educational Opportunity for Military Children:

ENROLLMENT

A child of a military family may pre-enroll or participate in pre-admission in the District if the parent or guardian of the child:

- a) Is transferred to or is pending transfer to a military installation or to a reserve component within the state while on active military duty pursuant to an official military order.
- b) Is returning to the state after within one (1) year of being separated from the military with an honorable discharge, discharge under honorable conditions, or a general discharge under honorable conditions.

The District shall accept an application for enrollment and course registration by electronic means for the child, including enrollment in a specific school or program within the District.

The District shall not require the parent or guardian of a child to appear in person for enrollment or course registration, including enrollment in a specific school or program within the District, when the parent/guardian is prevented from doing so due to official military duties.

Formatted: Indent: Left: 0"

The parent or guardian of a child of a military family shall provide proof of residence to the District within ten (10) days after the arrival date provided on official documentation. The parent or guardian may use, as proof of residence, military orders, or the address of:

1. A temporary on-post billeting facility;
2. A purchased or leased home or apartment;
3. Any federal government housing or off-post military housing, including off-post military housing that may be provided through a public-private venture; or
4. A home under contract to be built.

Until actual attendance or enrollment in the District, the child of a military family shall not:

1. Count for the purposes of average daily attendance; or
2. Be included in the state assessment and system.

To accommodate for temporary housing, if a child utilizes this section to enroll in the District, but the residence identified above has not yet become available, then the District shall allow the child to enroll and begin attending the District regardless of the child's temporary residence and subsequently be included in the District's calculation of average daily attendance under KRS 157.320, for a period of up to one (1) year from the parent's or guardian's reporting for duty date or separation date before being considered a resident of another District.¹

Students of Military Families**ENROLLMENT (CONTINUED)**

Students from a household of an active duty service member who are moving into the District shall be enrolled and appropriately placed as quickly as possible based on information provided in the student's unofficial records pending validation by the official record that the District shall request from the sending school.

Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent. A transitioning child of a military family who is placed in the care of a non-custodial parent or other person standing in loco parentis and living in a jurisdiction other than that of the custodial parent may continue to attend the school in which s/he was enrolled while residing with the custodial parent.

TUITION

Tuition shall not be charged for a transitioning child of a military family who is placed in the care of a non-custodial parent or other person standing in loco parentis and living in the jurisdiction other than that of the custodial parent.

IMMUNIZATION REQUIREMENTS

Students from military families shall have thirty (30) days from the date of enrollment to obtain required immunizations or additional time as may be determined by the Interstate Commission Compact rules.

PLACEMENT

Kindergarten and first grade students from a household of an active duty service member moving into the District from an accredited school in another state shall be allowed to continue placement at their current grade level, regardless of age.

Decisions about placement of students from military families in educational programs shall be based on current educational assessments conducted at the sending school or participation/placement in like programs in the sending state. Such programs include, but are not limited to the following programs:

1. Gifted and talented; and
2. English as a second language (ESL).

This shall not preclude the District/school from performing subsequent evaluations to ensure appropriate placement of a student.

SPECIAL EDUCATION SERVICES

The District shall initially provide comparable services to a student with disabilities based on his or her current Individualized Education Program (IEP).

The District shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing Section 504 (Title II) Plan*, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

* In Kentucky, a student Title II Plan is the same as a Section 504 Plan.

Students of Military Families**DEPLOYMENT-RELATED ABSENCES**

Students whose parent or legal guardian is an active member of the uniformed services, as defined by this compact, and has been called to active duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the Superintendent to visit with their parent or legal guardian relative to such leave or deployment.

EXTRACURRICULAR PARTICIPATION

The District shall facilitate the opportunity for transitioning children of military families to participate in extracurricular activities to the extent they are otherwise qualified, regardless of application deadlines.

GRADUATION REQUIREMENTS

The District shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another school district or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the District shall provide alternative means of acquiring required coursework so that graduation may occur on time. Otherwise, the District shall ensure receipt of a diploma from the sending school district if the student completed graduation requirements of that district.

Exit exam scores from sending schools shall be accepted in accordance with the Interstate Commission Compact.

CHILDREN OF CIVILIAN MILITARY EMPLOYEES

Children of civilian military employees shall be afforded the same rights as children of military families under KRS 156.730 if the parents are required to move to perform their job responsibilities resulting in the students having to change schools.

Student Records

Data and information about students shall be gathered to provide a sound basis for educational decisions and to enable preparation of necessary reports.

PROCEDURE TO BE ESTABLISHED

The Superintendent shall establish procedures to promote effective notification of parents and eligible students of their rights under the Family Educational Rights and Privacy Act (FERPA) and to ensure District compliance with applicable state and federal student record requirements.

DISCLOSURE OF RECORDS

Student records shall be made available for inspection and review to the parent/guardian(s) of a student or to an eligible student on request. Legal separation or divorce alone does not terminate a parent's record access rights. Eligible students are those 18 years of age or older or those duly enrolled in a post-secondary school program. In general, FERPA rights pass to the eligible student upon either of those events. Parents may be provided access to the educational records of an eligible student 18 years old or older if the student is dependent under federal tax laws.¹

Upon written request, parents, guardians, or eligible students may be provided copies of their educational records, including those maintained in electronic format, when necessary to reasonably permit inspection. Such copies shall be provided in a manner that protects the confidentiality of other students. A reasonable **fee may be charged for copies of student records.**

District personnel must use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other parties to whom the District discloses personally identifiable information from education records.

In addition, considering the totality of the circumstances, the District may disclose information from education records to appropriate parties, including parents of eligible students, whose knowledge of the information is necessary to protect the health or safety of a student or another individual, if there is an actual, impending, or imminent articulable and significant threat to the health or safety of a student or other individual. In such instances, the basis for a decision that a health or safety emergency existed shall be recorded in the student's education records.

Authorized District personnel also may disclose personally identifiable information to the following without written parental consent:

- Officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll or is already enrolled, so long as the disclosure is for purposes related to the student's enrollment or transfer;
- Authorized representatives of a Kentucky state child welfare agency if such agency presents to the District an official court order placing the student whose records are requested under the care and protection of said agency. The state welfare agency representative receiving such records must be authorized to access the child's case plan.

Student Records**DISCLOSURE OF RECORDS (CONTINUED)**

- School officials (such as teachers, instructional aides, administrators, including health or medical staff and law enforcement unit personnel) and other service providers (such as contractors, consultants, and volunteers used by the District to perform institutional services and functions) having a legitimate educational interest in the information.

District and school officials/staff may only access student record information in which they have a legitimate educational interest.

Contractors, consultants, volunteers, and other parties to whom the District has outsourced services or functions may access student records provided they are:

- Under the District's direct control with respect to the use and maintenance of education records; and
- Prohibited from disclosing the information to any other party without the prior written consent of the parent/eligible student, or as otherwise authorized by law.

DISCLOSURE TO REPRESENTATIVES FOR FEDERAL OR STATE PROGRAM PURPOSES

Personally identifiable student information may be released to those other than employees who are designated by the Superintendent in connection with audit, evaluation, enforcement, or compliance activities regarding Federal or State programs. Such designation must be executed in writing with the authorized representative and specify information as required by 34 C.F.R. Part 99.35.

DUTY TO REPORT

If it is determined that the District cannot comply with any part of FERPA or its implementing regulations due to a conflict with state or local law, the District must notify the Family Policy Compliance Office (FPCO) within forty-five (45) days of the determination and provide the text and citation of the conflicting law.

The Superintendent or the Superintendent's designee is authorized to release Board approved directory information.

Approved "directory information" shall be: student names and addresses, telephone numbers, date and place of birth, student's school email address, major field of study, participation in officially recognized activities and sports, photograph/picture, grade level, weight and height of members of athletic teams, dates of attendance, degrees, honors and awards received, and most recent educational institution attended by student.

Any eligible student, parent, or guardian who does not wish to have directory information released shall notify the Superintendent in writing within thirty (30) calendar days after receiving notification of FERPA rights.

Information about the living situation of a student designated as homeless is not to be treated as directory information and is not to be disclosed unless prior written consent is given or unless the information meets one of FERPA's exceptions to required consent. The living situation is not considered directory information.

The District allows for disclosure of directory information only to specific parties for specific purposes. Such limitations are specified in the student directory information notification.

Student Records**STUDENT DIRECTORY INFORMATION (CONTINUED)**

Unless the parent/guardian or student who has reached age 18 requests in writing that the District not release such information, the student's name, address, and telephone number (if listed) shall be released to Armed Forces recruiters and institutions of higher education upon their request.

SURVEYS OF PROTECTED INFORMATION

The District shall provide direct notice to parents/guardian to obtain prior written consent for their minor child(ren) to participate in any protected information survey, analysis, or evaluation, if the survey is funded in whole or in part by a program of the U.S. Department of Education.

Parents/eligible students also shall be notified of and given opportunity to opt their child(ren) out of participation in the following activities:

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Parents/eligible students may inspect, upon written request and prior to administration or use, materials or instruments used for the collection, disclosure, or use of protected information.

PPRA requirements do not apply to evaluations administered to students in accordance with the Individuals with Disabilities Education Act (IDEA).

STUDENTS WITH DISABILITIES

The District's special education policy and procedures manual shall include information concerning records of students with disabilities.

RECORDS RELEASE TO JUVENILE JUSTICE SYSTEM

Once a complaint is filed with a court-designated worker alleging that a child has committed a status offense or public offense, schools shall provide all records specifically requested in writing, and pertaining to that child to any agency that is listed as part of Kentucky's juvenile justice system in KRS 17.125 if the purpose of the release is to provide the juvenile justice system with the ability to effectively serve, prior to adjudication, the needs of the student whose records are sought. The authorities to which the data are released shall certify that any educational records obtained pursuant to this section shall only be released to persons authorized by statute and shall not be released to any other person without the written consent of the parent of the child. The request, certification, and a record of the release shall be maintained in the student's file.

Student Records**JUVENILE COURT RECORDS**

Records or information received on youthful or violent offenders shall not be disclosed except as permitted by law. When such information is received, the Superintendent shall notify the Principal of the school in which the child is enrolled. The Superintendent may designate an employee of the District to receive notices and carry out the Superintendent's responsibilities. The Superintendent/designee shall provide the clerk and the court-designated worker with notice of any designation and the name and contact information for the Superintendent's designee. The Principal shall then release the information as permitted by law. Only the Superintendent/designee and school administrative, transportation, and counseling personnel or teachers or other school employees with whom the student may come in contact, shall be privy to this information, which shall be kept in a locked file when not in use and opened only with permission of the administrator. Notification in writing of the nature of offenses committed by the student and any probation requirements shall not become a part of the child's student record. If the petition is dismissed or informally adjusted, the clerk shall notify the Superintendent or the Principal of the disposition, and all records of the incident or notification created in the District or the school shall be destroyed and shall not be included in the child's school records. For purposes of destruction, education records created by the school shall not be destroyed. The District or school may request a statement of facts from the county attorney in a juvenile case.²

RECORDS OF MISSING CHILDREN

Upon notification by the Commissioner of Education of a child's disappearance, the District in which the child is currently or was previously enrolled shall flag the record of such child in a manner that whenever a copy of or information regarding the child's record is requested, the District shall be alerted to the fact that the record is that of a missing child. Instead of forwarding the records of a child who has been reported as missing to the agency, institution, or individual making the request, the District shall notify the Justice Cabinet.

COURT ORDER/SUBPOENA

Prior to complying with a lawfully issued court order or subpoena requiring disclosure of personally identifiable student information, school authorities shall make a documented effort to notify the parent or eligible student. In compliance with FERPA, notice to the parent is not required when a court order directs that disclosure be made without notification of the student or parent, or when the order is issued in the context of a dependency, neglect, or abuse proceeding in which the parent is a party. If the District receives such orders, the matter(s) may be referred to local counsel for advice.

Child Abuse

REPORT REQUIRED

Any teacher, school administrator, or other school personnel who knows or has reasonable cause to believe that a child under age eighteen (18) is dependent, abused or neglected¹, or a victim of human trafficking, or is a victim of female genital mutilation, shall immediately make an oral or written report, including but not limited to electronic submission, to a local law enforcement agency or the Kentucky State Police, the Cabinet for Health and Family Services or its designated representative, the Commonwealth's or County Attorney in accordance with KRS 620.030.²

After making that ~~oral~~ report, the employee shall then immediately notify the Principal of the suspected abuse. If the Principal is suspected of child abuse, the employee shall notify the Superintendent/designee.

Upon notification, the Principal or the Superintendent/designee shall facilitate the cooperation of the school with the investigation of the report. Any person who knowingly causes intimidation, retaliation, or obstruction in the investigation of the report shall be guilty of a Class A misdemeanor.

Only agencies designated by law are authorized to conduct an investigation of a report of alleged child abuse. Therefore, the District shall not first investigate a claim before an employee makes a report to the proper authorities. However, in certain situations, reports involving claims made under state and federal laws, such as Title IX, shall require the District, after making the required report, to conduct an independent investigation of the allegations in order to determine appropriate personnel action.

WRITTEN RECORDS

Copies of reports kept by the District that are submitted to authorities in compliance with the child abuse law are educational records and subject to inspection by the parents of the alleged victim of child abuse. Whether the records are considered "internal records", and not maintained with the students' "permanent records", is immaterial if such records are directly related to students and are maintained by the school or school District.

INTERVIEWS

If the student is an alleged victim of abuse or neglect, school officials shall follow directions provided by the investigating officer or Cabinet for Health and Family Services representative as to whether to contact a parent³ and shall provide the Cabinet access to a child subject to an investigation or assessment without parental consent.⁴

AGENCY CUSTODY

If, as a result of dependency, neglect, or abuse, a child has been placed in the custody of the Cabinet, the Principal, or any Assistant Principal of the school in which the child is enrolled, and the District's Director of Pupil Personnel shall be notified of the names of persons authorized to contact the child at school, in accordance with school visitation or communication policy, or remove the child from school grounds.

Child Abuse**AGENCY CUSTODY (CONTINUED)**

The notification shall be provided to the school by the Cabinet:

- a) By written notice via email or fax on the day that a court order is entered and again on any day that a change is made with regard to persons authorized to contact or remove the child from school. Verbal notification shall occur on the next school day immediately following the day a court order is entered or a change is made if the court order or change occurs after the end of the current school day; and
- b) By email, fax, or hand delivery of a copy of the court order within ten (10) calendar days following the Cabinet's receipt of the court order of a change of custody or change in contact or removal authority.

REQUIRED TRAINING

All ~~current~~ school administrators, certified personnel, office staff, instructional assistants, coaches, and extracurricular sponsors who are employed by the District shall complete Board selected training on child abuse and neglect prevention, recognition, and reporting ~~by January 31, 2017, and every two (2) years thereafter. School administrators, certified personnel, office staff, instructional assistants, coaches, and extracurricular sponsors hired after January 31, 2017, shall complete the training~~ within ninety (90) days of being hired, and then every two (2) years thereafter.

Bullying/Hazing

In order to effectively participate in the democratic process as adults, students must learn to respect the rights of others and to interact with them in a civil manner. Therefore, students are required to speak and behave in a civil manner toward students, staff and visitors to the schools.

Such behavior is disruptive of the educational process and interferes with the ability of other students to take advantage of the educational opportunities offered.

These provisions shall not be interpreted to prohibit civil exchange of opinions or debate protected under the state or federal constitutions where the opinion expressed does not otherwise materially or substantially disrupt the education process or intrude upon the rights of others.

HAZING DEFINED

Per KRS 508.180, "hazing" is defined as a direct action which substantially endangers the physical health of a minor or student for the purpose of recruitment, initiation into, affiliation with, or enhancing or maintaining membership or status within any organization, including but not limited to actions which coerce or force a minor or a student to:

Use of Alcohol, Drugs and Other Prohibited Substances**DRUG-TESTING PROGRAM PURPOSE**

In this day and time alcohol and other forms of drug abuse have grown to major proportions in our society. School settings are not exempt from this phenomenon. Therefore, it is critical that educators and parents continually look for ways to institute programs that encourage a drug-free lifestyle for their students/children. It is to that end that this program is created to provide the appropriate action plan to address and foster a drug-free environment for grades 6-12.

The program consists of two components:

1. Education and Prevention Plan
2. Drug-Testing Policy

EDUCATION AND PREVENTION PLAN

Educational Seminars. Each semester at least one (1) educational seminar on alcohol and drug abuse shall be conducted by qualified substance abuse educators. These seminars shall be accessible to all students in grades six through twelve (6-12) but shall be required for all athletic and competing extracurricular team members.

Seminars for Parents/Guardians. Educational seminars for parents/guardians that will address alcohol and other forms of drug abuse will be established in conjunction with other school programming. The central purpose of these sessions will be to provide parents/guardians with necessary information to parent toward drug prevention.

ALCOHOL AND DRUG SAFETY POLICY

All student athletes/competing extracurricular participant and their parents/guardians must read this policy and accompanying procedures and must acknowledge, in writing, that they have read the policy and procedures, understand the policy and procedures, and agree to be bound by the terms and conditions contained in the policy and procedures.

Statement of Need. All athletic and competing extracurricular team coaches/sponsors and the administration of grades six through twelve (6-12) recognize that the unlawful use of alcohol and other drugs seriously impairs the health, safety, education, and future success of students in grades six through twelve (6-12) engaged in that use. It is also recognized that the unlawful use of alcohol and other drugs is a potential problem for sixth through twelfth (6-12) grade students.

Athletic teams and competing extracurricular activities covered by this policy shall apply to all sixth through twelfth (6-12) grade students participating in varsity and subvarsity athletic and competing extracurricular activities. The subsequent addition of any competing extracurricular activity or varsity or subvarsity sport shall immediately be subject to this policy.

Statement of Purpose. This policy is intended to support the comprehensive educational policies and programs of the District in educating students and their parents/guardians as to the dangers inherent in the unlawful use of drugs. The policy is further intended to provide encouragement to sixth through twelfth (6-12) grade students who voluntarily choose to participate on athletic teams, and in competing extracurricular activities to avoid such use and to strive to benefit from effective rehabilitation when such use has occurred.

Use of Alcohol, Drugs and Other Prohibited Substances**ALCOHOL AND DRUG SAFETY POLICY (CONTINUED)**

Administrators shall not use information obtained in the course of administering this policy for disciplinary purposes other than those set forth herein. This policy is not designed to be used, nor shall it voluntarily be used in any manner, to provide a source of information for law-enforcement agencies or for the prosecution of the student or to limit the student's participation in the school activities, other than the limitations imposed by this policy. Without a specific written authorization from the tested student or parent/guardian, if the student is under eighteen (18) years of age, the administrator shall not release any student's test results to any person other than those described within this policy or as required by law or a lawfully issued subpoena or court order.

In order to accomplish its purposes, this policy establishes a program for procedures to deter the unlawful use of drugs and alcohol and to provide for suspension and termination of participation on the teams when deterrence is unsuccessful. To determine compliance with the policy, it provides a testing program to identify student participants who are unlawfully using drugs. For these students this policy provides incentives for rehabilitation through possible reinstatement to the specific athletic team or competing extracurricular activity involved.

Consistent with its purposes, this policy also seeks to achieve the following objectives:

1. To protect District students from impairing their health, safety, education, and future success through the unlawful use of alcohol and other drugs;
2. To protect District students and their opponents from potential injury during competition resulting from the unlawful use of alcohol and other drugs;
3. To protect District students from the potential stigma of unsubstantiated allegations of unlawful use of alcohol and other drugs; and
4. To assure students, parents, teachers, and the community that the health, safety, education, and future success of student participants are the primary concerns of the District.

Implementation, Review, and Evaluation. All student participants and their parents/guardians must sign the "Student and Parent/Guardian Consent to Perform Urinalysis for Drug Testing" form before the student shall be permitted to try out for any athletic team or become a member of a competing extracurricular activity at the sixth through twelfth (6-12) grade level. A Substance Abuse Prevention Committee (Committee) shall be established and shall establish procedures as needed to implement the policy fairly and efficiently. The Committee may consist of the school Principals, Head Coaches of the athletic teams, designated sponsors of competing extracurricular activities, Athletic Director, Title IV Coordinator, School Health Coordinator, Counselor, Superintendent, and Board Members.

In addition, the Committee shall review and evaluate the effectiveness of the drug-testing policy on an annual basis. The evaluation shall include, but not be limited to, the effectiveness of the comprehensive educational and counseling program, substance testing program, procedural safeguards, and the list of drug substances tested. The Committee shall not have access to any of the test results. The Committee's purpose is limited to procedures and evaluation of this policy.

Applicability. This policy applies to all students choosing to participate in any competing extracurricular activity, including students/players at the varsity and subvarsity levels.

Use of Alcohol, Drugs and Other Prohibited Substances**ALCOHOL AND DRUG SAFETY POLICY (CONTINUED)**

Education. At least once each semester, all coaches/sponsors and appropriate certified staff shall require attendance at educational seminars on drug abuse for all student participants (as outlined in the Education and Prevention Plan section of this policy). These seminars shall be open to attendance by student participants and their parents/guardians and shall be presented by qualified substance abuse educators. Those participating will be asked to demonstrate an understanding of the main components of the drug education seminar.

Testing Program. Testing shall be accomplished by the analysis of urine specimen obtained from the student participants. Collection and testing procedures shall be established, maintained, and administered to ensure:

1. Randomness of selection procedures;
2. Proper student identification;
3. Identification of each specimen with the appropriate student participant;
4. Maintenance of the unadulterated integrity of the specimen; and
5. Integrity of the collection and testing process, as well as the confidentiality of test results.

The specific testing process shall be on file at the testing laboratory approved by the Board.

Substances Tested. Student participants' urine specimen shall be tested for the following, which include, but may not be limited to:

1. Amphetamines;
2. Marijuana (THC);
3. Cocaine and its derivatives;
4. Opiates;
5. Phencyclidine (PCP);
6. Benzodiazepine;
7. Propoxyphene; and
8. Other abused, illegal, or controlled substances as determined by the Committee.

CONFIDENTIALITY

The Superintendent shall develop a process to reasonably ensure privacy during the taking of samples, security of samples once obtained, and designation of laboratory services that are accurate and reliable. Appropriate measures shall be taken to protect confidentiality throughout the testing process and in the handling of test results. Access to drug testing results shall be restricted on a need-to-know basis to those persons in positions designated by the Superintendent.

CONSEQUENCES

Students who sign and return the "Consent to Test" form and then refuse to be tested shall be consider a violation and sanctions of the first offense administered.

Use of Alcohol, Drugs and Other Prohibited Substances**CONSEQUENCES (CONTINUED)*****Sanctions.*****First Offense**

NOTIFICATIONS

As soon as the Superintendent/designee confirms that a serious threat has been confirmed, designated personnel shall attempt to notify staff members and/or students who have been threatened and parents of students who are the subject of a threat. Such notification shall observe and comply with confidentiality requirements of applicable law including, but not limited to, state and federal Family Educational Rights and Privacy Act (FERPA) laws.

In cases where such actions are necessary, the following provisions shall apply:

1. Restrictions imposed on the student shall represent the least restrictive alternative available and appropriate to remedy the threat.
2. Supporting material shall be documented in and kept with the student's juvenile court record.
3. The student and/or parent/guardian may appeal actions taken to the Superintendent or to the Circuit Court with appropriate jurisdiction.¹

Expulsion

BOARD MAY EXPEL

The Board may expel or extend the expulsion of any student from the regular school setting for misconduct as defined by law. Provision of educational services will be required unless the Board determines, on the record and supported by clear and convincing evidence, that the expelled student posed a threat to the safety of other students or school staff and could not be placed in a state-funded agency program.¹

The Board shall require the expulsion from school for a period of at least twelve (12) months for a student who is determined by the Board:

1. Through clear and convincing evidence to have made threats that pose a danger to the well-being of students, faculty, or staff of the District;
2. To have brought a weapon to a school under its jurisdiction per Board Policy 05.48.

The Board may expel a student for longer than twelve (12) months.

Behavior that may be determined to pose a threat shall include, but not be limited to, the physical assault, battery, or abuse of others on or off school property (and the incident is likely to substantially disrupt the educational process); the threat of physical force; being under the influence of drugs or alcohol; the use, possession, sale, or transfer of drug or alcohol; the carrying, possessing, or transfer of weapons or dangerous instruments; and any other behavior that may endanger the safety of others.

The Superintendent shall present to the Board for its approval options for providing or ensuring that educational services are provided to expelled students.

In lieu of expelling a student, or upon the expiration of a student's expulsion, the Superintendent may place a student into an alternative program or setting if the Superintendent determines placement of the student in his or her regular school setting is likely to substantially disrupt the educational process or constitutes a threat to the safety of other students or school staff.

HEARING AND RECORDS REQUIRED

Action to expel, extend the expulsion, or place in an alternative program or setting a student shall not be taken until the parent, guardian, or other person having legal custody or control of the student has had an opportunity for a hearing before the Board.¹ The special education and disciplinary records of IDEA eligible students shall be sent to the Board for review before the decision is made to expel.³ **If applicable, a bus driver shall have the opportunity to be heard at any disciplinary hearing against a student relating, at least in part, to misconduct that occurred during the operator's transportation of the student or to misconduct by the student's parent or guardian.**

Formatted: ksba bold

Expulsion**HEARING AND RECORDS REQUIRED (CONTINUED)**

Within thirty (30) days prior to the end of a student's expulsion, the Board shall review the details of the expulsion and current factors and circumstances, including if ending the expulsion will substantially disrupt the education process or constitute a threat to the safety of students or school staff, to determine if the expulsion shall be extended for a period not to exceed twelve (12) months. The expulsion review process shall be used prior to the end of each expulsion period until the Board ends the expulsion or the student is no longer subject to compulsory attendance under KRS 159.010.

BOARD DECISION FINAL

The Board may establish an appeals committee and delegate authority to hear appeals to the committee. Otherwise, the Board's decision shall be final.¹

STUDENTS WITH DISABILITIES

In cases which involve students with disabilities, procedures mandated by federal and state law for students with disabilities shall be followed. (Students with disabilities who are eligible for services under federal law may be expelled for behavior unrelated to their disabilities, as long as legally required procedural safeguards are followed. Educational services must continue for IDEA eligible students who are expelled.)^{1&3}

TRANSFER OF RECORDS

Records transferred to another school must reflect the charges and final action of an expulsion hearing if the student was expelled for homicide, assault, or an offense in violation of state law or school regulations governing weapons, alcohol or drugs. Records of a student facing an expulsion hearing on charges described above shall not be transferred until the expulsion hearing process is completed.²
