

READ READY COVINGTON: History of F2B USAGE 2015-2024

In March 2015, CIPS received a grant through NKEC to implement Footsteps2Brilliance as an instructional tool in grades Prek- Grade 3 in Covington public and parochial schools. Early Education Centers were also eligible to use the F2B app. That grant ended March 2018. July 1, 2018, the City of Covington entered into an agreement with F2B to pay the license for 3 additional years and would receive a perpetual license thereafter for as long as it pays a small yearly maintenance/technical fee.
