I am writing this as a formal request for an additional stipend to be added to the ACS Volleyball staff. With the increase of interest in the sport, ACS Volleyball is now the largest female sport at ACS in terms of participation with over 30 members on the team and an additional 10-12 that tryout. With this growth and the desire to grow in our abilities, we are in need of an additional coaching position beyond what is set aside for our staff.

*Mr. Chris Vernon*  
*Assistant Principal*

The ACS Volleyball Boosters have agreed to cover the cost of an additional stipend for the 2024-2025 school year as well as cover the fringes and additional costs needed. The below statement is the amount we desire the additional stipend to be. We are aware that the booster club would be invoiced for more than the desired amount due to the additional fringes and costs.

**ONE** additional coaching position for **\$1,250** in 2024-2025
