Introduction and Purpose

It is the fervent intent of Beechwood to abide by all rules and regulations of the KHSAA in the governance of Athletics at Beechwood. Accordingly, the purpose of the handbook is to establish BHS’s policy for institutional controls to assist the relevant constituents at Beechwood and others directly connected with the athletic program or school in preventing any infraction of KHSAA bylaws (attached hereto and made a part of) and internal policies of Beechwood by providing clear and direct guidelines for compliance. Beechwood shall be the sole entity with responsibility for enforcing this policy.

Applicability

These policies and procedures apply to all coaches, parents, students, or others including, but not limited to, boosters or alumni, with a direct connection to the athletic program or the school for the purpose of ensuring compliance with the KHSAA bylaws. Each person referenced above is responsible for his or her own actions and shall become intimately familiar with the policies contained herein and the KHSAA bylaws. Beechwood will provide applicable training and monitoring to ensure that adequate institutional controls are in place to provide compliance with KHSAA rules and regulations.

Athletic Directors

Athletic Director: Ryan Booth

Assistant Athletic Director: Brandon Slusher

Middle School Athletic Director: Ryan Booth and Brandon Slusher

Athlete Participation Philosophy

It is the philosophy of the Beechwood Independent Schools that athletes enjoy as many sport seasons as the student-athlete and their parents wish to participate in without influence from any coach to specialize in one sport. All coaches should encourage participation in other sports. In order to embrace this philosophy, our coaches agree that:

- 1) Students may start (or try-out for) another extracurricular activity if both Head Coaches agree a student should start another extracurricular activity.
- 2) Students who wish to "Play-Up" must abide by the "Playing-Up" procedure stated later in this document.

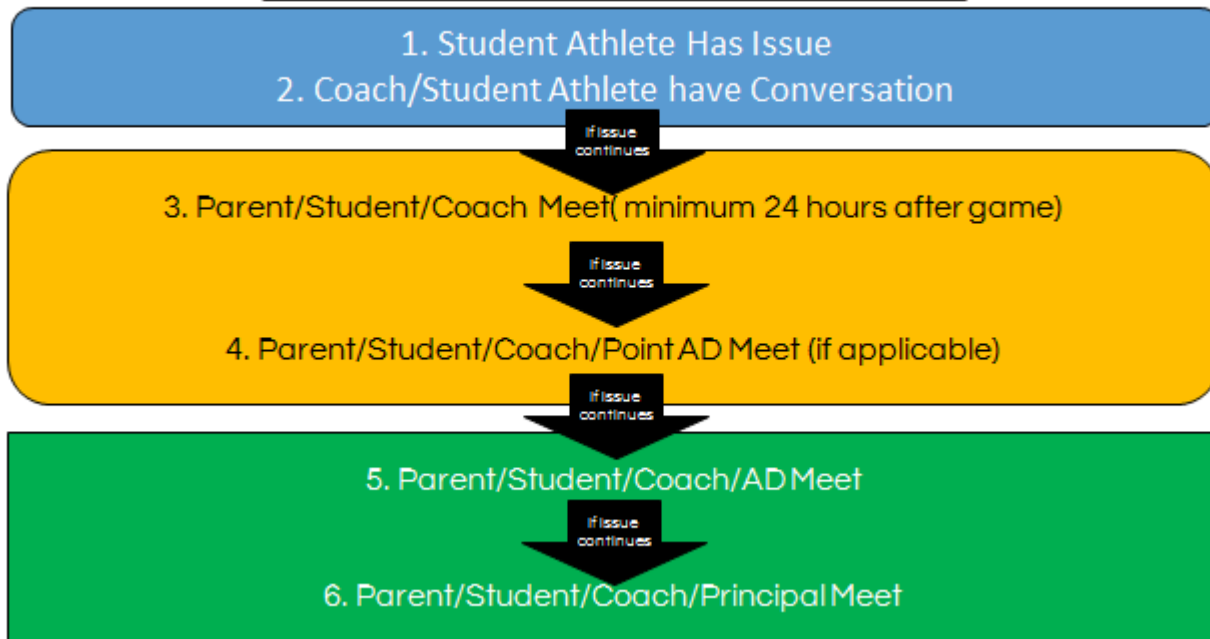

Athletic Facilities Use and Key Control

Moderators of extra-curricular activities are to supervise the use of the facilities after school by the students involved in these activities. The same, of course, applies to the coaches in regard to the athletes in the gym section of the school. Casual use of athletic facilities by non-students who are not in the Beechwood School system shall be prohibited without prior approval from the Athletic Director. Exempted from this prohibition are the paid uses of facilities per contract or agreement or the use of facilities by community groups with the approval of the administration and board of education. Outside groups will be required to purchase a \$1,000,000 liability insurance policy. Coaches will maintain strict accountability of their facility keys and will not allow students, parents, or anyone not authorized access the use of those keys.

Athletic Inquiries

Inquiries by parents on behalf of a student athlete are welcomed and encouraged by the school and coaching staff. Parents shall contact the coaching staff prior to bringing an issue to the appropriate athletic director. When the need arises to contact the Athletic Director, parents must identify themselves. Anonymous communications will be forwarded to the coach in question by the AD, with no further action to be taken. At no time will school staff discuss another student athlete. Below is the Chain of Command concerning extracurricular and co-curricular activity issues.

Communication of Issues

The Principal/Assistant Principal will conduct an internal investigation in conjunction with the Athletic Director. Results of the investigation may be reported to the KHSAA.

All staff members associated with the athletic program are expected to know, understand, and comply with all KHSAA bylaws relating to their responsibilities. Uniform Policies and Guidelines

All school purchased uniforms must follow the Beechwood Independent Brand Standards for color scheme and logos. All designs must be approved by the Beechwood Athletic Administration

Any alternate uniforms that fall outside of the Beechwood Brand Standards must be approved by the Beechwood Athletic Administration, and these must be funded through private donations.

All sports will adhere to the Uniform Rotation Schedule that is monitored and approved by the Beechwood Athletic Administration. Uniform Inventory_.xlsx.

Weight Room/Conditioning

Out of season conditioning must be non-mandatory, non-sport specific, and open to all in accordance with KHSAA regulations. The weight rooms and training areas are scheduled through the Athletic Department. Priority for scheduling will be given to in-season sports. A staff member must be present at all times if students are using the facilities

Students “Playing Up”

1. A middle school student (Volleyball or Basketball) OR 9th grader (all sports) may be elevated to a high school athletic team under the following conditions:

a. S/he must be a “starter” or have significant playing time.

- Volleyball – A middle school student may be elevated to the high school team. Principal or designee must receive a “play up” request at least 1 week prior.
- Basketball – A middle school student may be elevated to the high school team. Principal or designee must receive a “play up” request at least 1 week prior.

3. The Athletic Director must notify the principal once the determination is made that the student has qualified to play at the high school level.

4. The principal will determine athletic eligibility.

5. Once eligibility has been determined the following conditions should exist:

- a. student -athlete may practice with grade level AND “play up” level
- b. student -athlete may play contests with grade level AND “play up” level
- c. If there exists a practice time conflict between grade level and “play up” level, then student-athlete will practice with level that Head Coach determines (**Communicate directly to parents**)

d. If there exists a game time conflict with grade level and "play up" level, then student-athlete will play with level that Head Coach determines (**Communicate directly to parents**)

e. If the coach wants them to only "play up" (and they get significant playing time) then that is allowed based on coach decision. They must stay there for the entirety of the season while getting significant playing time for the entirety of the season.

**If a coach wants a student to play up and play with their grade they are permitted to do so. This exposes them to play up level (getting playing time) and also allows them to play with their grade level for chemistry/friendship purposes. If a coach chooses to do this then they must practice with both teams per team unity, chemistry, etc. That is a decision each coach will have to weigh out*

**In regards to the roster (# of capable players) and allowing athletes to play up. That will be a discussion as to the fairness/need for that level. In these circumstances, a direct conversation will be had with that coach so that the opportunities for play are equitable and fair.*

6. Head Coaches will be responsible to have an organized process and procedure to communicate the playing up of student athletes. This communication MUST involve the parents, affected coaches, and athletic director(s) prior to a practice or game change.

***** Violation of any of the above provisions will be considered as a breach of the Coaches Code of Ethics.**

Varsity Awards Policy

Guidelines:

1. An Athlete can only receive one varsity letter during his or her four years in high school.
2. To receive a varsity letter, an athlete must (a) letter 1 year in a Varsity level sport.
3. Once a varsity letter is earned, then all other varsity lettering would result in a bar for that sport.
4. Letter Qualifications: A candidate must have participated in one fourth of the quarters of all regular season games played in football, soccer (25% of halves), or basketball, qualified for regional competition in golf, swimming, cross country or track, or played half the varsity games for softball and baseball. Archery and bowling will be determined by head coach. Ultimately, each coach is responsible for verification of requirements.
5. An athlete moving in from another school will fall, at the point of enrollment, under the above guidelines. Previous school participation will have no bearing on his or her awards.

Youth Camps

All coaches are encouraged to host a youth camp during their offseason. This is a great way to fundraise for your team. Coaches and other adults can receive payment for working the camp. In order for payment to be approved then a form that is found in the District Financial Office must be filled out completely and approved by the principal. Coaches payment should not exceed the money that is generated from the camp.
