## 2024/2025 Professional Development Services Contract

**District: Hopkins Co**

**Description of Services:** As part of the mission of the West Kentucky Educational Cooperative to enhance educational opportunities, cooperative staff have designed a year-round program of professional development opportunities for teachers and administrators. The included professional development schedule (dates/times subject to change) covers a diverse range of topics presented in a variety of formats including in-person workshops, cohort and network models, collaborative projects, online/virtual sessions and seminars led by nationally recognized educators. WKEC has tailored these offerings to meet the evolving professional learning needs of district staff and administrators regardless of skill level and experience.

As the WKEC program is a cooperative effort, participating member school districts are sharing the total cost of this project in an equitable manner based on enrollment levels. WKEC offers this district-wide professional development program for a simple annual fee. The term of activities begins August 2024 and concludes June 30, 2025.

Each district participant must independently register for PD events. Capacity limits, if applicable, will be clearly indicated for specific dates and sessions. Additional fees may be required for designated events which require significant or proprietary resources. Advanced notice regarding these sessions and any associated fees will be provided upon registration.

**Annual Fee: \$ 55746.00**

*Invoice effective July 1, 2024 issued following receipt of signed contract*
