Spring Team Tennis

**Positive Developments
and Highlights**

This year's event would have not been possible without the support of the University of Kentucky and Berea College. We thank them for their willingness to host our student-athletes and all their efforts in making the tournament a success.

**Issues of Concern
(legal, playing Rules,
fiscal management,
etc.)**

Accusations of lineup "stacking" were more frequent this year, during both the region and state tournaments. This issue was amplified due to the addition of a team vs. team championship. We will examine our postseason entry procedures and look to refine our guidelines when it comes to roster submission.

**Championship
Update/Review**

The addition of the team vs. team championship allowed a different group of student-athletes to advance to "state" and represent their schools, many of which did not qualify for the individual/doubles championship.
