RE: Member Schools

I have a few updates on the current status of our member schools:

- David School (David) Designated Representative indicated that there are no changes to the David School current status and they want to remain as a candidacy member for 2024-25.
- CornerStone Prep (Madisonville) has officially closed as of May 17th, 2024 and will no longer be a KHSAA member school.

At this time, I have no new membership applications for the 2024-25 school year.
