Re: Bids for Russellville Athletic Building Airflow Project
CMTA Project: XRAF24

Dear Mr. Estes,

I am writing to inform you of the results of our solicitations for bids related to the aforementioned project. CMTA wrote a specification for and received bids for the work to be contracted directly with the owner. We received the following bids and amounts:

Bidder	Base Bid	Notes:
C&C Contracting LLC.	\$48,750.00	
Industrial Electrical Contractors	\$45,500.00	Qualified Apparent Low Bidder
Knight Electric, Inc.	\$56,805.00	
Paul's Electric Service	\$42,950.00	*Bid Discrepancies
Pogue Electrical Service, Inc.	\$52,355.00	

After review of the bids received, Paul's Electric Service was the apparent low bidder, however the submission of their bid did not conform to KDE requirements for a bid submission as it was not submitted in the required KDE bid form with the proper acknowledgements and form of proposal etc as detailed in the project specifications. We recommend that the board attorney be consulted before proceeding with this bid. In the absence of an alternate ruling by the board attorney, we recommend that the board accept the bid of Industrial Electrical Contractors for the project as they were the next qualified apparent low bidder. Please advise if there are any questions.

Sincerely,

Matt Wade, P.E.
