Overview of Classified Evaluation System

The purpose of the Classified Evaluation Program for the Henderson County School District is to improve the level of job production and skill performance of the individual employee through a planned program. It is also used as a part of the process in making personnel decisions. The evaluation of classified employees is based on the premise that all employees have a commitment and responsibility to continuing improvement in performance. Performance evaluations shall be based on an employee's job description and the District's standards for the work performed.

In addition to improving the effectiveness of the employee in the performance of his or her job and in making personnel decisions, two additional purposes may be served through the Classified Evaluation Program: (1) it may provide an opportunity for the supervisor and employee to mutually develop performance goals to further develop various aspects of the employee's performance: and (2) it may help a supervisor to determine areas of an employee's performance that are unsatisfactory, and aid in the development of a plan of assistance designed to assist the employee in correcting the deficiencies.

The Classified Evaluation Program is to be used with all classified personnel. All classified employees are to be evaluated annually prior to May 1. The immediate supervisor of the employee is to be the primary evaluator. For school based staff, when the primary evaluator is not the principal, the supervisor should concur with the principal on all evaluations, since the principal must also sign these forms. The principal and other administrators must sign all evaluations for individuals who work in their area of supervision.

Performance level definitions:

- Exceeds Expectations demonstrates an exceptional level of performance, consistently exceeds overall goals and expectations
- Meets Expectations work performance is satisfactory and meets the standard
- Does not meet Expectations work performance in this area is below average and needs to improve.
- Not Applicable indicator does not apply to job description

At any time between evaluation periods that deficiencies appear, or at the request of an evaluator, additional evaluations may be performed.

Additionally, as a suggested mid-year evaluation review, evaluators are encouraged to have rounding conversations with their evaluatees. Questions for rounding conversations include:

- What is working well?
- What needs to be improved?
- What obstacles are in your way? What resources do you need to accomplish your goals?
- What support do you need?

Instructions for Completing the Individual Professional Growth Plan for Assistance or Corrective Action

This Plan is to be completed by the evaluator (with discussion and assistance from the evaluatee and assistance team) as it relates to a *Does Not Meet Expectation* rating on any one or more Standard/Characteristic from the summative evaluation *or* when an immediate change is required in practice or behavior.

The evaluatee, evaluator and/or assistance team must identify action goals and objectives; procedures and activities designed to achieve the goals; and targeted dates for appraising the evaluatee's improvement of the standard. The evaluator will be responsible to document all actions taken to assist the evaluatee in improving his/her performance.

1. Development of Assistance Plan

- a. Identify the specific standard(s)/characteristic(s) from the evaluation document that has a does not meet expectation needed rating assigned or the immediate change that is required of the employee's practice or behavior.
- b. List the changes/improvements needed by the evaluatee and how the evaluatee can make these changes/improvements.
- c. List how the evaluator will assist in the improvement plan.
- d. Update the Plan management record.
- e. Note: if the practice, behavior or performance rating is deemed be of an extreme measure, a Corrective Action Plan may be the starting point rather than an assistance plan.

2. Evaluation of Progress

The evaluator and evaluatee will monitor the progress of the Assistance plan and meet periodically to determine whether growth is being made. If, in the judgment of the evaluator, the employee makes progress, then the Assistance Plan is completed and the evaluatee is then back on an enrichment plan or assistance plan as determined by the evaluator. If, in the judgment of the evaluator, the evaluatee does not make progress, then the Corrective Action Team and Corrective Action Plan are developed.

3. Corrective Action Team

The evaluator conferences with the employee and indicates the desire to bring in a corrective action team. In consultation with the employee, a team is selected. The evaluator, employee, and team members meet to discuss the previous assistance process and review the Corrective Action Plan following the steps listed above.

The Evaluation of Progress will follow the same format with the evaluatee, evaluator and Corrective Action Team meeting periodically.

If, in the judgment of the evaluator, the employee makes progress, then the Corrective Action Plan is completed and the evaluatee is then back on an enrichment plan or assistance plan as determined by the evaluator. When there is no improvement in performance toward meeting the standard even with the help of a Corrective Action Team, then the evaluator must take the necessary steps toward the termination of said employee.
